GRAYSCALE DOGECOIN TRUST ETF
NOTES TO THE UNAUDITED FINANCIAL STATEMENTS

1. Organization

Grayscale Dogecoin Trust ETF (the “Trust”) is a Delaware Statutory Trust that was formed on January 27, 2021 and commenced operations on January 30, 2025. The Trust’s investment objective is for the value of the Shares (based on DOGE per Share) to reflect the value of the DOGE held by the Trust, less the Trust’s expenses and other liabilities. The Trust issues Shares only in one or more blocks of 10,000 Shares (a block of 10,000 Shares is called a “Basket”) only to certain authorized participants (“Authorized Participants”) in exchange for DOGE.

The Trust’s registration statement on Form S-1 relating to its continuous public offering of Shares was declared effective by the Securities and Exchange Commission (“SEC”) on November 21, 2025 and the Shares were listed and began trading on NYSE Arca, Inc. (“NYSE Arca”) under the symbol “GDOG” on November 24, 2025 (the “Uplisting Date”).

Grayscale Investments, LLC (“GSI”) was the sponsor of the Trust before January 1, 2025, Grayscale Operating, LLC (“GSO”) was the co-sponsor of the Trust from January 1, 2025 to May 3, 2025, and Grayscale Investments Sponsors, LLC (“GSIS,” or the “Sponsor”) was the co-sponsor of the Trust from January 1, 2025 to May 3, 2025 and is the sole remaining sponsor thereafter. GSI was, and each of GSO and GSIS are, a consolidated subsidiary of Digital Currency Group, Inc. (“DCG”). The Sponsor is responsible for the day-to-day administration of the Trust pursuant to the provisions of the Trust Agreement. The Sponsor is responsible for preparing and providing annual and quarterly reports on behalf of the Trust to investors and is also responsible for selecting and monitoring the Trust’s service providers. As partial consideration for the Sponsor’s services, the Trust pays the Sponsor a Sponsor’s Fee as discussed in Note 6. The Sponsor also acts as the sponsor and manager of other single-asset and diversified investment products, each of which is an affiliate of the Trust. Information related to the affiliated investment products can be found on the Sponsor’s website at www.grayscale.com/resources/regulatory-filings. Any information contained on or linked from such website is not part of nor incorporated by reference into these unaudited financial statements.

Liquidity Providers facilitate the purchase and sale of DOGE in connection with cash orders for creations or redemptions of Baskets. The Liquidity Providers with which GSIS, acting in its capacity as the “Liquidity Engager,” will engage in DOGE transactions are third parties that are not affiliated with the Sponsor or the Trust and are not acting as agents of the Trust, the Sponsor, or any Authorized Participant. Except for the contractual relationships between each Liquidity Provider and GSIS in its capacity as the Liquidity Engager, there is no contractual relationship between each Liquidity Provider and the Trust, the Sponsor, or any Authorized Participant. The Liquidity Engager may engage additional Liquidity Providers who are unaffiliated with the Trust in the future.

Coinbase, Inc. is the prime broker (the “Prime Broker”) of the Trust, and Coinbase Custody Trust Company, LLC is the custodian (the “Custodian”). The Prime Broker Agreement establishes the rights and responsibilities of the Custodian, the Prime Broker, the Sponsor and the Trust with respect to the Trust’s DOGE which is held in accounts maintained and operated by the Custodian, as a fiduciary with respect to the Trust’s assets, and the Prime Broker (together with the Custodian, the “Custodial Entities”) on behalf of the Trust. The Custodian is responsible for safeguarding the DOGE held by the Trust, and holding the private key(s) that provide access to the Trust’s digital wallets and vaults.

The transfer agent for the Trust (the “Transfer Agent”) is The Bank of New York Mellon. The responsibilities of the Transfer Agent are to (1) facilitate the issuance and redemption of shares of the Trust; (2) respond to correspondence by Trust shareholders and others relating to its duties; (3) maintain shareholder accounts; and (4) make periodic reports to the Trust. The co-transfer agent for the Trust (the “Co-Transfer Agent”) is Continental Stock Transfer & Trust Company.

The administrator for the Trust (the “Administrator”) is BNY Mellon Asset Servicing, a division of The Bank of New York Mellon. BNY Mellon Asset Servicing provides administration and accounting services to the Trust. The Administrator’s fees are paid on behalf of the Trust by the Sponsor.

The marketing agent for the Trust (the “Marketing Agent”) is Foreside Fund Services, LLC. The Marketing Agent provides the following services to the Sponsor: (i) assist the Sponsor in facilitating Participant Agreements between and among Authorized Participants, the Sponsor, on behalf of the Trust, and the Transfer Agent; (ii) provide prospectuses to Authorized Participants; (iii) work with the Transfer Agent to review and approve orders placed by the Authorized Participants and transmitted to the Transfer Agent; (iv) review and file applicable marketing materials with FINRA and (v) maintain, reproduce and store applicable books and records.

On November 24, 2025, Shares of the Trust began trading on NYSE Arca following the effectiveness of the Trust’s registration statement on Form S-1, as amended (File No. 333-289662). The Trust’s trading symbol on NYSE Arca is “GDOG” and the CUSIP number for its Shares is 389923103.

The Trust may also receive Incidental Rights and/or IR Virtual Currency as a result of the Trust’s investment in DOGE, in accordance with the terms of the Trust Agreement. Incidental Rights are rights to claim, or otherwise establish dominion and control over, any virtual currency or other asset or right, which rights are incident to the Trust’s ownership of DOGE and arise without any action of the Trust, or of the Sponsor or Trustee on behalf of the Trust; IR Virtual Currency is any virtual currency tokens, or other asset or right,

received by the Trust through the exercise (subject to the applicable provisions of the Trust Agreement) of any Incidental Right. The Sponsor has committed to cause the Trust to abandon irrevocably for no direct or indirect consideration, effective immediately prior to each time at which the Trust creates or redeems Shares, all Incidental Rights and IR Virtual Currency to which it would otherwise be entitled as of such time. In furtherance of that commitment, the Prime Broker Agreement provides that the Trust is abandoning irrevocably, for no direct or indirect consideration, effective immediately prior to each Creation Time and each Redemption Time, all Incidental Rights or IR Virtual Currency to which it would otherwise be entitled as of such time. The Sponsor has committed to cause the Trust not to take any Affirmative Action to acquire any Incidental Rights or IR Virtual Currency, thereby irrevocably abandoning any Incidental Rights and IR Virtual Currency to which the Trust may become entitled in the future. Because the Sponsor has now committed to causing the Trust to irrevocably abandon all Incidental Rights and IR Virtual Currency to which the Trust otherwise would become entitled in the future, and causing the Trust not to take any Affirmative Actions, the Trust will not receive any direct or indirect consideration for the Incidental Rights or IR Virtual Currency and thus the value of the Shares will not reflect the value of the Incidental Rights or IR Virtual Currency. In addition, in the event the Sponsor seeks to change the Trust's policy with respect to Incidental Rights or IR Virtual Currency, an application would need to be filed with the SEC by NYSE Arca seeking approval to amend its listing rules to permit the Trust to distribute the Incidental Rights or IR Virtual Currency in-kind to an agent of the shareholders for resale by such agent.

2. Summary of Significant Accounting Policies

In the opinion of management of the Sponsor of the Trust, all adjustments (which include normal recurring adjustments) necessary to present fairly the financial position as of March 31, 2026 and December 31, 2025 and results of operations for the three months ended March 31, 2026 and the period from January 30, 2025 (the commencement of the Trust's operations) to March 31, 2025 have been made. The results of operations for the periods presented are not necessarily indicative of the results of operations expected for the full year. These unaudited financial statements should be read in conjunction with the audited financial statements for the period ended December 31, 2025 included in our Annual Report.

The following is a summary of significant accounting policies followed by the Trust:

The financial statements have been prepared in accordance with generally accepted accounting principles in the United States ("U.S. GAAP"). The Trust qualifies as an investment company for accounting purposes pursuant to the accounting and reporting guidance under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 946, *Financial Services—Investment Companies*. As such, the Trust is exempt from the requirement to present a statement of cash flows pursuant to ASC Topic 230, *Statement of Cash Flows*. Accordingly, a statement of cash flows has not been presented. The Trust uses fair value as its method of accounting for DOGE in accordance with its classification as an investment company for accounting purposes. The Trust is not a registered investment company under the Investment Company Act of 1940, as amended (the "Investment Company Act"). U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates and these differences could be material.

The Trust conducts its transactions in DOGE, including receiving DOGE for the creation of Shares and delivering DOGE for the redemption of Shares and for the payment of the Sponsor's Fee. The Sponsor will determine the Trust's net asset value ("NAV") on each business day as of 4:00 p.m., New York time, or as soon thereafter as practicable.

Cash and Cash Equivalents

Generally, the Trust does not intend to hold cash, except in connection with cash orders for creations or redemptions of Baskets. Cash includes non-interest bearing non-restricted cash with one institution. Cash in a bank deposit account, at times, may exceed U.S. federally insured limits. The Trust has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on such bank deposits.

Principal Market and Fair Value Determination

To determine which market is the Trust's principal market (or in the absence of a principal market, the most advantageous market) for purposes of calculating the Trust's net asset value in accordance with U.S. GAAP ("Principal Market NAV"), the Trust follows ASC Topic 820-10, *Fair Value Measurement*, which outlines the application of fair value accounting. ASC 820-10 determines fair value to be the price that would be received for DOGE in a current sale, which assumes an orderly transaction between market participants on the measurement date. ASC 820-10 requires the Trust to assume that DOGE is sold in its principal market to market participants or, in the absence of a principal market, the most advantageous market. Market participants are defined as buyers and sellers in the principal or most advantageous market that are independent, knowledgeable, and willing and able to transact.

The Trust only receives DOGE in connection with a creation order from the Authorized Participant (or a Liquidity Provider) and does not itself transact on any Digital Asset Markets. Therefore, the Trust looks to market-based volume and level of activity for Digital Asset Markets. The Authorized Participant(s), or a Liquidity Provider, may transact in a Brokered Market, a Dealer Market, Principal-to-Principal Markets and Exchange Markets (referred to as "Trading Platform Markets" in this Quarterly Report), each as defined in the FASB ASC Master Glossary (collectively, "Digital Asset Markets").

In determining which of the eligible Digital Asset Markets is the Trust's principal market, the Trust reviews these criteria in the following order:

First, the Trust reviews a list of Digital Asset Markets that maintain practices and policies designed to comply with anti-money laundering ("AML") and know-your-customer ("KYC") regulations, and non-Digital Asset Trading Platform Markets that the Trust reasonably believes are operating in compliance with applicable law, including federal and state licensing requirements, based upon information and assurances provided to it by each market.

Second, the Trust sorts these Digital Asset Markets from high to low by market-based volume and level of activity of DOGE traded on each Digital Asset Market in the trailing twelve months.

Third, the Trust then reviews pricing fluctuations and the degree of variances in price on Digital Asset Markets to identify any material notable variances that may impact the volume or price information of a particular Digital Asset Market.

Fourth, the Trust then selects a Digital Asset Market as its principal market based on the highest market-based volume, level of activity and price stability in comparison to the other Digital Asset Markets on the list. Based on information reasonably available to the Trust, Trading Platform Markets have the greatest volume and level of activity for the asset. The Trust therefore looks to accessible Trading Platform Markets as opposed to the Brokered Market, Dealer Market and Principal-to-Principal Markets to determine its principal market. As a result of the aforementioned analysis, a Trading Platform Market has been selected as the Trust's principal market.

The Trust determines its principal market (or in the absence of a principal market the most advantageous market) annually and conducts a quarterly analysis to determine (i) if there have been recent changes to each Digital Asset Market's trading volume and level of activity in the trailing twelve months, (ii) if any Digital Asset Markets have developed that the Trust has access to, or (iii) if recent changes to each Digital Asset Market's price stability have occurred that would materially impact the selection of the principal market and necessitate a change in the Trust's determination of its principal market.

Investment Transactions and Revenue Recognition

The Trust considers investment transactions to be the receipt of DOGE for Share creations and the delivery of DOGE for Share redemptions or for payment of expenses in DOGE. The Trust records its investment transactions on a trade date basis and changes in fair value are reflected as net change in unrealized appreciation or depreciation on investments. Realized gains and losses are calculated using the specific identification method. Realized gains and losses are recognized in connection with transactions including settling obligations for the Sponsor's Fee in DOGE.

Fair Value Measurement

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the 'exit price') in an orderly transaction between market participants at the measurement date.

U.S. GAAP utilizes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Trust. Unobservable inputs reflect the Trust's assumptions about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The fair value hierarchy is categorized into three levels based on the inputs as follows:

- Level 1 – Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Trust has the ability to access. Since valuations are based on quoted prices that are readily and regularly available in an active market, these valuations do not entail a significant degree of judgment.
- Level 2 – Valuations based on quoted prices in markets that are not active or for which significant inputs are observable, either directly or indirectly.
- Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The availability of valuation techniques and observable inputs can vary by investment. To the extent that valuations are based on sources that are less observable or unobservable in the market, the determination of fair value requires more judgment. Fair value estimates do not necessarily represent the amounts that may be ultimately realized by the Trust.

Segment Reporting

The Chief Executive Officer and Chief Financial Officer of the Sponsor act as the Trust's chief operating decision maker ("CODM"). The Trust represents a single operating segment, as the CODM monitors the operating results of the Trust as a whole and the Trust's passive investment objective is pre-determined in accordance with the terms of the Trust Agreement. The financial information in the form of the Trust's total returns, expense ratios and changes in net assets (i.e., changes in net assets resulting from operations and capital share transactions), which are used by the CODM to assess the segment's performance, are consistent with that presented within the Trust's financial statements. Segment assets are reflected on the accompanying Statements of Assets and Liabilities as Total assets and the only significant segment expense, the Sponsor's Fee, related party, is included in the accompanying Statements of Operations.

3. Fair Value of DOGE

DOGE is held by the Custodian on behalf of the Trust and is carried at fair value. As of March 31, 2026 and December 31, 2025, the Trust held 73,430,457.97450256 and 33,476,017.83997657 DOGE, respectively.

The Trust determined the fair value per DOGE to be \$0.09 and \$0.12 on March 31, 2026 and December 31, 2025, respectively, using the price provided at 4:00 p.m., New York time, by the Digital Asset Trading Platform Market considered to be the Trust's principal market (Coinbase).

The following represents the changes in quantity of DOGE and the respective fair value:

4. Creations and Redemptions of Shares

The Trust creates and redeems Shares from time to time, but only in one or more Baskets issued to the Authorized Participant in exchange for the delivery of DOGE to the Trust or the distribution of DOGE by the Trust. The amount of DOGE required for each Creation Basket or Redemption Basket is determined by dividing (x) the amount of DOGE owned by the Trust at 4:00 p.m., New York time, on such trade date of a creation or redemption order, after deducting the amount of DOGE representing the U.S. dollar value of accrued but unpaid fees and expenses of the Trust, by (y) the number of Shares outstanding at such time and multiplying the

quotient obtained by 10,000. Each Share represented approximately 117.5452 and 117.5835 of one DOGE at March 31, 2026 and December 31, 2025, respectively. The decrease in the amount of DOGE represented by each Share is primarily a result of the periodic withdrawal of DOGE to pay the Sponsor's Fee.

As of the date of this Quarterly Report, Authorized Participants may only submit orders to create or redeem Shares through transactions that are referred to as "cash orders", as the agreements with Authorized Participants do not currently provide for in-kind creations and redemptions.

5. Income Taxes

The Sponsor takes the position that the Trust is properly treated as a grantor trust for U.S. federal income tax purposes. Assuming that the Trust is a grantor trust, the Trust will not be subject to U.S. federal income tax. Rather, if the Trust is a grantor trust, each beneficial owner of Shares will be treated as directly owning its pro rata Share of the Trust's assets and a pro rata portion of the Trust's income, gains, losses and deductions will "flow through" to each beneficial owner of Shares.

If the Trust were not properly classified as a grantor trust, the Trust might be classified as a partnership for U.S. federal income tax purposes. However, due to the uncertain treatment of digital assets, including forks, airdrops and similar occurrences for U.S. federal income tax purposes, there can be no assurance in this regard. If the Trust were classified as a partnership for U.S. federal income tax purposes, the tax consequences of owning Shares generally would not be materially different from the tax consequences described herein, although there might be certain differences, including with respect to timing. In addition, tax information reports provided to beneficial owners of Shares would be made in a different form. If the Trust were not classified as either a grantor trust or a partnership for U.S. federal income tax purposes, it would be classified as a corporation for such purposes. In that event, the Trust would be subject to entity-level U.S. federal income tax (currently at the rate of 21%) on its net taxable income and certain distributions made by the Trust to shareholders would be treated as taxable dividends to the extent of the Trust's current and accumulated earnings and profits.

In accordance with U.S. GAAP, the Trust has defined the threshold for recognizing the benefits of tax positions in the financial statements as “more-likely-than-not” to be sustained by the applicable taxing authority and requires measurement of a tax position meeting the “more-likely-than-not” threshold, based on the largest benefit that is more than 50% likely to be realized. Tax positions deemed to meet the “more-likely-than-not” threshold are recorded as a tax benefit in the current period. As of, and during the periods ended March 31, 2026 and December 31, 2025, the Trust did not have a liability for any unrecognized tax amounts. However, the Sponsor’s conclusions concerning its determination of “more-likely-than-not” tax positions may be subject to review and adjustment at a later date based on factors including, but not limited to, further implementation guidance, and ongoing analyses of and changes to tax laws, regulations and interpretations thereof.

The Sponsor of the Trust has evaluated whether or not there are uncertain tax positions that require financial statement recognition and has determined that no reserves for uncertain tax positions related to federal, state and local income taxes existed as of March 31, 2026 or December 31, 2025.

6. Related Parties

The Trust considered the following entities, their directors, and certain employees to be related parties of the Trust as of March 31, 2026: DCG, GSO, GSIS, and Grayscale Securities, LLC. As of March 31, 2026 and December 31, 2025, 8,681 and 12,033 Shares of the Trust were held by related parties of the Trust, respectively.

On November 20, 2025, the Sponsor and the Trustee entered into Amendment No. 1 to the Third Amended and Restated Trust Agreement in order to reduce the Sponsor’s Fee to 0.35%, effective as of the Uplisting Date. As a result, effective November 24, 2025, the Sponsor’s Fee was lowered from 2.5% to 0.35%. In accordance with the Trust Agreement governing the Trust, the Trust pays a fee to the Sponsor, calculated as 0.35% of the aggregate value of the Trust’s assets, less its liabilities (which include any accrued but unpaid expenses up to, but excluding, the date of calculation), as calculated and published by the Sponsor or its delegates in the manner set forth in the Trust Agreement (the “Sponsor’s Fee”). The Sponsor’s Fee accrues daily in U.S. dollars and is payable in DOGE, daily in arrears. The amount of DOGE payable in respect of each daily U.S. dollar accrual will be determined by reference to the same U.S. dollar value of DOGE used to determine such accrual. For purposes of these financial statements, the U.S. dollar value of DOGE is determined by reference to the Digital Asset Trading Platform Market that the Trust considers its principal market as of 4:00 p.m., New York time, on each valuation date. The Trust held no Incidental Rights or IR Virtual Currency as of March 31, 2026 and December 31, 2025. No Incidental Rights or IR Virtual Currencies have been distributed in payment of the Sponsor’s Fee during the three months ended March 31, 2026 and the period from January 30, 2025 (the commencement of the Trust’s operations) to March 31, 2025.

As partial consideration for receipt of the Sponsor’s Fee, the Sponsor is obligated under the Trust Agreement to assume and pay all fees and other expenses incurred by the Trust in the ordinary course of its affairs, excluding taxes, but including marketing fees; administrator fees, if any; custodian fees; transfer agent fees; trustee fees; the fees and expenses related to the listing, quotation or trading of the Shares on any secondary market (including customary legal, marketing and audit fees and expenses) in an amount up to \$600,000 in any given fiscal year; ordinary course legal fees and expenses; audit fees; regulatory fees, including, if applicable, any fees relating to the registration of the Shares under the Securities Act or the Exchange Act; printing and mailing costs; the costs of maintaining the Trust’s website and applicable license fees (together, the “Sponsor-paid Expenses”), provided that any expense that qualifies as an Additional Trust Expense will be deemed to be an Additional Trust Expense and not a Sponsor-paid Expense.

The Trust may incur certain extraordinary, non-recurring expenses that are not Sponsor-paid Expenses, including, but not limited to, taxes and governmental charges, expenses and costs of any extraordinary services performed by the Sponsor (or any other service provider) on behalf of the Trust to protect the Trust or the interests of shareholders, any indemnification of the Custodian or other agents, service providers or counterparties of the Trust, the fees and expenses related to the listing, quotation or trading of the Shares on any secondary market (including legal, marketing and audit fees and expenses) to the extent exceeding \$600,000 in any given fiscal year and extraordinary legal fees and expenses, including any legal fees and expenses incurred in connection with litigation, regulatory enforcement or investigation matters (collectively “Additional Trust Expenses”). In such circumstances, the Sponsor or its delegate (i) will instruct the Custodian to withdraw from the Vault Balance of DOGE in such quantity as may be necessary to permit payment of such Additional Trust Expenses and (ii) may either (x) cause the Trust (or its delegate) to convert such DOGE into U.S. dollars or other fiat currencies at the Actual Exchange Rate or (y) when the Sponsor incurs such expenses on behalf of the Trust, cause the Trust (or its delegate) to deliver such DOGE, in kind to the Sponsor, in each case in such quantity as may be necessary to permit payment of such Additional Trust Expenses.

The Sponsor, from time to time, may temporarily waive all or a portion of the Sponsor’s Fee of the Trust in its discretion for stated periods of time. Effective November 24, 2025, the Sponsor determined to waive a portion of the Sponsor’s Fee until the earlier of (x) February 25, 2026 and (y) the first date on which the NAV of the Trust exceeds \$1.0 billion (such period, the “Fee Waiver Period”). Following the expiration date of the three-month waiver period on February 25, 2026 (the “Sponsor’s Fee Waiver Expiration Date”), the Sponsor’s Fee is 0.35%.

For the period from the Sponsor’s Fee Waiver Expiration Date through March 31, 2026 and the period from January 30, 2025 (the commencement of the Trust’s operations) to March 31, 2025, the Trust incurred Sponsor’s Fees of \$2,207 and \$7,520, respectively. As of March 31, 2026 and December 31, 2025, there were no accrued and unpaid Sponsor’s Fees. In addition, the Sponsor may pay

Additional Trust Expenses on behalf of the Trust, which are reimbursable by the Trust to the Sponsor. For the three months ended March 31, 2026 and the period from January 30, 2025 (the commencement of the Trust’s operations) to March 31, 2025, the Sponsor did not pay any Additional Trust Expenses on behalf of the Trust.

7. Concentration Risk

The Trust’s investment portfolio is concentrated in DOGE, and its net asset value and results of operations are directly affected by the price of DOGE, which has historically been highly volatile. As a result, the Trust may experience significant fluctuations in net asset value, including periods of substantial losses. This concentration also exposes the Trust to risks specific to DOGE and its supporting infrastructure, including market liquidity constraints and operational or cybersecurity risks associated with the custody and transfer of DOGE.

(1) Per Share amounts for periods presented prior to the Reverse Share Split have been retroactively adjusted to reflect the 1-for-4 Reverse Share Split of the Trust’s issued and outstanding Shares completed on October 20, 2025.

Ratios of net investment loss and expenses to average net assets have been annualized.

An individual shareholder’s return, ratios, and per Share performance may vary from those presented above based on the timing of Share transactions. The amount shown for a Share outstanding throughout the period may not correlate with the Statement of Operations for the period due to the number of Shares issued in Creations occurring at an operational value derived from an operating metric as defined in the Trust Agreement.

Total return is calculated assuming an initial investment made at the Principal Market NAV at the beginning of the period and assuming redemption on the last day of the period.

9. Indemnifications

In the normal course of business, the Trust enters into certain contracts that provide a variety of indemnities, including contracts with the Sponsor and affiliates of the Sponsor, DCG and its officers, directors, employees, subsidiaries and affiliates, and the Custodian as well as others relating to services provided to the Trust. The Trust’s maximum exposure under these and its other indemnities is unknown. However, no liabilities have arisen under these indemnities in the past and, while there can be no assurances in this regard, there is no expectation that any will occur in the future. Therefore, the Sponsor does not consider it necessary to record a liability in this regard.

10. Subsequent Events

As previously disclosed, on October 22, 2025, GSOIH consummated an internal corporate reorganization (the “Management Reorganization”). As a result of the Management Reorganization as of October 22, 2025, (i) Grayscale Investments, Inc. (“Grayscale Investments”) is the sole managing member of GSO, the sole member of the Sponsor and (ii) the Board of Directors of Grayscale Investments became responsible for managing and directing the affairs of the Sponsor, and consists of Barry Silbert, Mark Shifke, Simon Koster, Peter Mintzberg and Edward McGee.

On May 4, 2026, a Board of Managers of Grayscale Investments Sponsors, LLC was created to manage and direct the affairs of the Sponsor, under authority delegated by the board of Grayscale Investments. While the board of Grayscale Investments retains overall

oversight of Grayscale Investments and its subsidiaries as a whole, including the Sponsor, the Board of Managers of the Sponsor consists of Peter Mintzberg, Edward McGee, and Craig Salm. Mr. Mintzberg, Mr. McGee, and Mr. Salm are granted authority to manage the day-to-day affairs of the Sponsor under the amended and restated limited liability company agreement of the Sponsor.

The Sponsor has evaluated all subsequent events through the issuance of the financial statements and has noted no other events requiring adjustment or additional disclosure in the financial statements other than the item noted above.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of our financial condition and results of operations should be read together with, and is qualified in its entirety by reference to, our unaudited financial statements and related notes included elsewhere in this Quarterly Report, which have been prepared in accordance with generally accepted accounting principles in the United States (“U.S. GAAP”). The following discussion may contain forward-looking statements based on assumptions we believe to be reasonable. Our actual results could differ materially from those discussed in these forward-looking statements. Factors that could cause or contribute to these differences include, but are not limited to, those set forth under “Part II, Item 1A. Risk Factors” in this Quarterly Report, or in “Part I, Item 1A. Risk Factors” and “Forward-Looking Statements” or other sections of our Annual Report.

Trust Overview

The Trust is a passive entity that is managed and administered by the Sponsor and does not have any officers, directors or employees. The Trust holds DOGE and, from time to time on a periodic basis, issues Creation Baskets in exchange for deposits of DOGE. On November 21, 2025, in connection with the approval of the application under the Generic Listing Standards and the effectiveness of the registration statement on Form S-1, the Sponsor authorized the commencement of a redemption program. Shares of the Trust began trading on NYSE Arca on November 24, 2025, following the effectiveness of the Trust’s registration statement on Form S-1. The Trust issues Shares only in one or more blocks of 10,000 Shares (a block of 10,000 Shares is called a “Basket”) to certain Authorized Participants from time to time. Baskets are offered in exchange for DOGE. Through its redemption program, the Trust redeems Shares from Authorized Participants on an ongoing basis. As a passive investment vehicle, the Trust’s investment objective is for the value of the Shares (based on DOGE per Share) to reflect the value of the DOGE held by the Trust, determined by reference to the Index Price, less the Trust’s expenses and other liabilities. While an investment in the Shares is not a direct investment in DOGE, the Shares are designed to provide investors with a cost-effective and convenient way to gain investment exposure to DOGE. The Trust is not managed like a business corporation or an active investment vehicle. The Trust will not utilize leverage, derivatives or any similar arrangements in seeking to meet its investment objective.

Critical Accounting Policies and Estimates

Investment Transactions and Revenue Recognition

The Trust considers investment transactions to be the receipt of DOGE by the Trust in connection with Share creations and the delivery of DOGE by the Trust in connection with Share redemptions or for payment of expenses in DOGE. The Trust records its investment transactions on a trade date basis and changes in fair value are reflected as net change in unrealized appreciation or depreciation on investments. Realized gains and losses are calculated using the specific identification method. Realized gains and losses are recognized in connection with transactions including settling obligations for the Sponsor’s Fee in DOGE.

Principal Market and Fair Value Determination

To determine which market is the Trust’s principal market (or in the absence of a principal market, the most advantageous market) for purposes of calculating the Trust’s net asset value in accordance with U.S. GAAP (“Principal Market NAV”), the Trust follows Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 820-10, *Fair Value Measurement*, which outlines the application of fair value accounting. ASC 820-10 determines fair value to be the price that would be received for DOGE in a current sale, which assumes an orderly transaction between market participants on the measurement date. ASC 820-10 requires the Trust to assume that DOGE is sold in its principal market to market participants or, in the absence of a principal market, the most advantageous market. Market participants are defined as buyers and sellers in the principal or most advantageous market that are independent, knowledgeable, and willing and able to transact.

The Trust only receives DOGE in connection with a creation order from the Authorized Participant (or a Liquidity Provider) and does not itself transact on any Digital Asset Markets. Therefore, the Trust looks to market-based volume and level of activity for Digital Asset Markets. The Authorized Participant(s), or a Liquidity Provider, may transact in a Brokered Market, a Dealer Market, Principal-to-Principal Markets and Exchange Markets (referred to as “Trading Platform Markets” in this Quarterly Report), each as defined in the FASB ASC Master Glossary (collectively, “Digital Asset Markets”).

In determining which of the eligible Digital Asset Markets is the Trust’s principal market, the Trust reviews these criteria in the following order:

- First, the Trust reviews a list of Digital Asset Markets that maintain practices and policies designed to comply with anti-money laundering (“AML”) and know-your-customer (“KYC”) regulations, and non-Digital Asset Trading Platform Markets that the Trust reasonably believes are operating in compliance with applicable law, including federal and state licensing requirements, based upon information and assurances provided to it by each market.
- Second, the Trust sorts these Digital Asset Markets from high to low by market-based volume and level of activity of DOGE traded on each Digital Asset Market in the trailing twelve months.

- Third, the Trust then reviews pricing fluctuations and the degree of variances in price on Digital Asset Markets to identify any material notable variances that may impact the volume or price information of a particular Digital Asset Market.
- Fourth, the Trust then selects a Digital Asset Market as its principal market based on the highest market-based volume, level of activity and price stability in comparison to the other Digital Asset Markets on the list. Based on information reasonably available to the Trust, Trading Platform Markets have the greatest volume and level of activity for the asset. The Trust therefore looks to accessible Trading Platform Markets as opposed to the Brokered Market, Dealer Market and Principal-to-Principal Markets to determine its principal market. As a result of the aforementioned analysis, a Trading Platform Market has been selected as the Trust's principal market.

The Trust determines its principal market (or in the absence of a principal market the most advantageous market) annually and conducts a quarterly analysis to determine (i) if there have been recent changes to each Digital Asset Market's trading volume and level of activity in the trailing twelve months, (ii) if any Digital Asset Markets have developed that the Trust has access to, or (iii) if recent changes to each Digital Asset Market's price stability have occurred that would materially impact the selection of the principal market and necessitate a change in the Trust's determination of its principal market.

Investment Company Considerations

The Trust is an investment company for U.S. GAAP purposes and follows accounting and reporting guidance in accordance with the FASB ASC Topic 946, *Financial Services—Investment Companies*. The Trust uses fair value as its method of accounting for DOGE in accordance with its classification as an investment company for accounting purposes. The Trust is not a registered investment company under the Investment Company Act. U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates and these differences could be material.

Review of Financial Results (unaudited)

Financial Highlights for the Three Months Ended March 31, 2026 and the Period from January 30, 2025 (the Commencement of the Trust's Operations) to March 31, 2025

(All amounts in the following table and the subsequent paragraphs, except Share, DOGE and price of DOGE amounts, are in thousands)

	Three Months Ended March 31, 2026	January 30, 2025 (the Commencement of the Trust's Operations) to March 31, 2025
Net realized and unrealized loss on investment in DOGE	\$ (2,419)	\$ (903)
Net decrease in net assets resulting from operations	\$ (2,421)	\$ (911)
Net assets ⁽¹⁾	\$ 6,759	\$ 1,851

- (1) Net assets in the above table and subsequent paragraphs are calculated in accordance with U.S. GAAP based on the Digital Asset Market price of DOGE on the Digital Asset Trading Platform that the Trust considered its principal market, as of 4:00 p.m., New York time, on the valuation date.

Net realized and unrealized loss on investment in DOGE for the three months ended March 31, 2026 was (\$2,419), which includes a realized loss of (\$1) on the transfer of DOGE to pay the Sponsor's Fee and net change in unrealized appreciation/depreciation on investment in DOGE of (\$2,418). Net realized and unrealized loss on investment in DOGE for the period was driven by DOGE price depreciation from \$0.12 per DOGE as of December 31, 2025, to \$0.09 per DOGE as of March 31, 2026. Net decrease in net assets resulting from operations was (\$2,421) for the three months ended March 31, 2026, which consisted of the net realized and unrealized loss on investment in DOGE, plus the net investment loss of \$2. Net assets increased to \$6,759 at March 31, 2026, a 73% increase for the three-month period. The increase in net assets resulted from the contribution of approximately 39,977,990 DOGE with a value of \$5,265 to the Trust in connection with Share creations during the period, partially offset by the aforementioned DOGE price depreciation and the withdrawal of approximately 23,550 DOGE to pay the foregoing Sponsor's Fee.

Net realized and unrealized loss on investment in DOGE for the period from January 30, 2025 (the commencement of the Trust's operations) to March 31, 2025 was (\$903), which includes a realized loss of (\$2) on the transfer of DOGE to pay the Sponsor's Fee and net change in unrealized appreciation/depreciation on investment in DOGE of (\$901). Net realized and unrealized loss on investment in DOGE for the period was driven by DOGE price depreciation from \$0.33 per DOGE as of January 30, 2025 (the commencement of the Trust's operations), to \$0.17 per DOGE as of March 31, 2025. Net decrease in net assets resulting from operations was (\$911) for the period from January 30, 2025 (the commencement of the Trust's operations) to March 31, 2025, which consisted of the net realized and unrealized loss on investment in DOGE, plus the Sponsor's Fee of \$8. Net assets increased to \$1,851 at March 31, 2025. The increase in net assets resulted from the contribution of approximately 11,204,738 DOGE with a value of

\$2,762 to the Trust in connection with Share creations during the period, partially offset by the aforementioned DOGE price depreciation and the withdrawal of approximately 36,730 DOGE to pay the foregoing Sponsor’s Fee.

Cash Resources and Liquidity

The Trust only receives and holds cash in order to facilitate creations and redemptions pursuant to Cash Orders, and has not otherwise had or maintained a cash balance at any time since inception. When selling DOGE in the Digital Asset Market to pay Additional Trust Expenses on behalf of the Trust, the Sponsor endeavors to sell the exact amount of DOGE needed to pay expenses in order to minimize the Trust’s holdings of assets other than DOGE. In addition, upon the consummation or deemed failure of a Cash Order to create or redeem Baskets, the Trust will promptly return any excess cash it continues to hold with respect to such Cash Order to the applicable counterparty. As a consequence, the Sponsor expects that the Trust will not record any cash flow from its operations and that its cash balance will be zero at the end of each reporting period. Furthermore, the Trust is not a party to any off-balance sheet arrangements.

Generally, the Trust does not intend to hold cash, except in connection with Cash Orders for creations or redemptions of Baskets. Cash includes non-interest bearing non-restricted cash with one institution. Cash in a bank deposit account, at times, may exceed U.S. federally insured limits. The Trust has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on such bank deposits.

In exchange for the Sponsor’s Fee, the Sponsor has agreed to assume most of the expenses incurred by the Trust. As a result, the only ordinary expense of the Trust during the periods covered by this Quarterly Report was the Sponsor’s Fee.

The Sponsor, from time to time, may temporarily waive all or a portion of the Sponsor’s Fee of the Trust in its discretion for stated periods of time. Effective November 24, 2025, the Sponsor determined to waive a portion of the Sponsor’s Fee until the earlier of (x) February 25, 2026 and (y) the first date on which the NAV of the Trust exceeds \$1.0 billion (such period, the “Fee Waiver Period”). Following the expiration date of the three-month waiver period on February 25, 2026 (the “Sponsor’s Fee Waiver Expiration Date”), the Sponsor’s Fee is 0.35%.

The Trust is not aware of any trends, demands, conditions or events that are reasonably likely to result in material changes to its liquidity needs.

The Digital Asset Trading Platforms included in the Index (the “Constituent Trading Platforms”) as of March 31, 2026 were Binance, Bitstamp by Robinhood, Bullish, Bybit, Crypto.com, GATE, Gemini, Hashkey, Kraken, LMAX Digital, and OKX. The Trust reflects creations and redemptions and the DOGE for proceeds receivable or payable with respect to such creations and redemptions, respectively, on the trade date, which is the business day an accepted creation or redemption order is placed by an Authorized Participant. Creation and redemption orders are settled on T+1 or T+2, as established at the time of order placement, and therefore the DOGE for proceeds receivable or payable with respect to such creations and redemptions, respectively, are recorded as a receivable or payable until the DOGE are delivered or removed from the Trust for settlement.

Historical NAV and DOGE Prices

As movements in the price of DOGE will directly affect the price of the Shares, investors should understand recent movements in the price of DOGE. Investors, however, should also be aware that past movements in the DOGE price are not indicators of future movements. Movements may be influenced by various factors, including, but not limited to, government regulation, security breaches experienced by service providers, as well as political and economic uncertainties around the world.

Effective as of November 24, 2025, the Trust established an ongoing share creation and redemption program and the Shares of the Trust were listed to NYSE Arca. Hence, the Trust’s performance for periods prior to November 24, 2025 is not directly comparable to, and should not be used to make conclusions in conjunction with, the Trust’s performance for periods subsequent to November 24, 2025.

The following chart illustrates the movement in the Trust’s NAV per Share (as adjusted for the Reverse Share Split for periods prior to October 20, 2025) versus the Index Price and the Trust’s Principal Market NAV per Share (as adjusted for the Reverse Share Split for periods prior to October 20, 2025) from January 30, 2025 (the commencement of the Trust’s operations) to March 31, 2026. Each Cash Order shall be effected on a "variable fee" basis unless the Sponsor, in its sole discretion, requires that any Cash Order be effected on an "actual execution" basis. Upon acceptance of a Transaction Order, the Liquidity Provider irrevocably agrees to: (i) in connection with Creation Orders, deliver Digital Assets to the Trust and receive cash from the applicable Cash Account and (ii) in connection with the Redemption Orders (including Delayed Delivery Orders), deliver cash to the applicable Cash Account and receive Digital Assets from the Trust, in each case, (x) in such amounts and to or from such accounts and at such times as may be specified in the relevant Transaction Order or otherwise communicated by the Liquidity Engager, provided, however, that in the case of a Delayed Delivery Order, the Trust's obligation to deliver Digital Assets to the Liquidity Provider shall be deferred until the applicable Delayed Delivery Date (as defined below) and (y) otherwise in accordance with the procedures set forth herein.

fee specified therein as a fixed amount, and such fee shall not be subject to increase or decrease regardless of the actual duration between the date of such Delayed Delivery Order and the Delayed Delivery Date (as defined below). For purposes of this Agreement, the “**Delayed Delivery Date**” with respect to a Delayed Delivery Order shall mean the first Business Day on which such staked Digital Assets specifically designated by the Liquidity Engager to be delivered in connection with such Delayed Delivery Order become transferable, regardless of whether other sources of Digital Asset liquidity become available to the Trust prior to such Delayed Delivery Date.

(c) In connection with the foregoing, the Liquidity Engager will only: (i) direct the Trust to transfer Digital Asset to a Liquidity Provider designated wallet address that: (x) will be dedicated exclusively for purchases and sales transactions with the Liquidity Engager and/or the Trust for purposes of creating and redeeming shares of the Trust; (y) is previously known as belonging to the Liquidity Provider by the Liquidity Engager or its delegates; and (z) is currently active at the time the relevant Transaction Order is to be settled (a “**Liquidity Provider Wallet**”); and (ii) direct the Liquidity Provider to transfer Digital Asset to the Trust’s segregated custody account controlled and secured by the Trust’s custodian to store private keys.

(d) The Liquidity Parties may use electronic order execution systems or manual methods to communicate in connection with Transaction Orders, including but not limited to email, or instant message.

Section 2 Event of Default. Any of the following events constitutes an event of default (“**Event of Default**”): (a) the Liquidity Provider fails to fulfill any Transaction Order; (b) any covenant, representation or warranty herein proves to be untrue in any material respect; (c) a material breach in the performance by a Liquidity Party of any other agreements, conditions, covenants, provisions, or stipulations contained in the Agreement; (d) an officer (or person reasonably believed to be an officer) of a Liquidity Party shall admit to the other Liquidity Parties its inability to, or its intention not to, perform its obligations hereunder or under any Transaction Order; or (e) with respect to any Liquidity Party, (i) the commencement by such Liquidity Party as debtor of any case or proceeding under any bankruptcy, insolvency, reorganization, liquidation, moratorium, dissolution, delinquency or similar law, or such party seeking the appointment or election of a receiver, conservator, trustee, custodian, administrator or similar official for such Liquidity Party or any substantial part of its property, or the convening of any meeting of creditors for purposes of commencing any such case or proceeding or seeking such an appointment or election; (ii) the making by such Liquidity Party of a general assignment for the benefit of creditors; or (iii) the admission in writing by such Liquidity Party of such Liquidity Party’s inability to pay its debts as they become due.

Section 3 Remedies.

(a) Upon the occurrence of any Event of Default, any non-defaulting Liquidity Party may, at its option, declare an Event of Default to have occurred hereunder without prior notice to the defaulting Liquidity Party and: (i) terminate any pending Transaction Order; (ii) (x) determine in good faith, its losses and costs in connection with the defaulting Liquidity Party’s obligations and calculate the amounts owed by the defaulting Liquidity Party to such non-defaulting Liquidity Party, which losses and costs, in the case of any Event of Default on the part of the Liquidity Provider,

may include any losses and costs of the Liquidity Engager, the Trust, the Trust's custodian, the Trust's transfer agent and the relevant Authorized Participant(s), and (y) set-off, net, and recoup any such losses and costs against any due and payable obligations of such non-defaulting Liquidity Party; (iii) in the case of any Event of Default on the part of the Liquidity Provider, the Liquidity Engager may (x) demand that the Liquidity Provider deposits cash in U.S. dollars into the applicable Cash Account equal to 115% of any such Digital Assets not delivered pursuant to any Transaction Order, and (y) use such cash to purchase Digital Asset in the same amount as any Digital Asset not delivered by, or at the direction of, the Liquidity Provider (such Digital Asset, the "**Replacement Digital Asset**"); and (iv) cause any collateral held by the defaulting Liquidity Party to be immediately transferred by the defaulting Liquidity Party to such non-defaulting Liquidity Party. In the event that the purchase price of Replacement Digital Asset (plus any other transaction costs, fees, or other amounts, if any) exceeds the purchase price of such Digital Asset in the Transaction Order that underlies such Event of Default, the defaulting Liquidity Party shall be liable to non-defaulting Liquidity Party for the amount of such excess together with interest thereon from the date of such Replacement Digital Asset purchase until the date of payment of such excess. Each non-defaulting Liquidity Party's rights and remedies hereunder (for the avoidance of doubt, including those of the Trust) are cumulative and are in addition to any other rights and remedies available in law or equity. The defaulting Liquidity Party shall remain liable for any unpaid amounts, and, to the extent permitted by law, for interest on any amount not paid when due. Each non-defaulting Liquidity Party shall have all of the rights and remedies provided to a secured party under the New York Uniform Commercial Code and, in addition to its rights hereunder, any rights otherwise available to it under any other agreement or applicable law. Each non-defaulting Liquidity Party shall, to the extent reasonable and without obligation, give notice to the defaulting party of the exercise of its option to declare an Event of Default as promptly as reasonably practicable.

- (b) Notwithstanding anything to the contrary in this Agreement: (i) the Liquidity Provider hereby agrees, as a condition to the participation in the consummation of any Cash Order, (A) to fully (and without exception) exculpate the Trust with respect to, and to irrevocably waive any and all claims against the Trust or the Trust Estate (as defined in the Trust Agreement) arising from or in connection with, such Cash Order, (B) to fully indemnify and hold the Trust harmless against; (x) any breach by the Liquidity Provider of any provision of this Agreement that relates to the Liquidity Provider; (y) any failure on the part of the Liquidity Provider to perform any of its obligations set forth in this Agreement; and (z) any failure by the Liquidity Provider to comply with applicable laws, including, without limitation, rules and regulations of any regulatory or self-regulatory organizations in relation to its role as Liquidity Provider, and (C) that the Trust shall not be liable to the Liquidity Provider for any loss, liability, cost or expense incurred by the Liquidity Provider in connection with a Consideration Return Event; and (ii) in the event that the Trust would have any monetary liability under paragraph (a) of this Section 3, the Liquidity Engager shall

assume full responsibility for the Trust's liability and the Liquidity Provider agrees to seek remedies only from the Liquidity Engager and not the Trust.

Section 4 **Authorized Persons**. Concurrently with the execution of this Agreement and from time to time thereafter, each Liquidity Party shall deliver to the other Liquidity Party a list setting forth the names and email addresses of all persons authorized by such to give instructions relating to activity contemplated hereby ("**Authorized Persons**"). Each Liquidity Party shall rely solely on reasonable communications provided by such Authorized Persons, provided that it shall be each Liquidity Party's sole responsibility to deliver to the other Liquidity Party any updated list of Authorized Persons and no Liquidity Party shall be required to enquire whether the list of Authorized Persons which has been most recently provided to it by a Liquidity Party remains up to date. Each Liquidity Party shall solely be bound by the terms of Transaction Orders duly placed through such Authorized Persons.

Section 5 **Representations, Warranties and Covenants**. The Liquidity Provider hereby represents, warrants, covenants, and agrees:

(a) The Liquidity Provider will maintain such registration and membership in good standing and any other registration, qualification, or membership in good standing applicable to it or, if applicable, exempt status, in full force and effect throughout the term of this Agreement. The Liquidity Provider will comply with all applicable United States federal laws, the laws of the states or other jurisdictions concerned, and the rules and regulations promulgated thereunder.

(b) The Liquidity Provider maintains at least one Liquidity Provider Wallet. If there is any change in the foregoing, the Liquidity Provider shall give immediate notice to the Liquidity Engager and the Sponsor (on behalf of the Trust) of such event.

(c) The Liquidity Provider understands and acknowledges that some activities on its part, depending on the circumstances and under certain possible interpretations of applicable law, could be interpreted as resulting in its being deemed a Money Services Business, as such term is defined by the Financial Crimes Enforcement Network, a bureau of the United States Department of the Treasury responsible for the federal regulation of Money Services Businesses, including certain virtual currency market participants. The Liquidity Provider agrees to consult its own counsel in connection with entering into this Agreement and transacting in Digital Assets to determine if it must register with the Financial Crimes Enforcement Network as a Money Services Business.

(d) The Liquidity Provider has policies and procedures reasonably designed to comply with the money laundering and related provisions of the Currency and Foreign Transactions Reporting Act of 1970 (also known as the "Bank Secrecy Act"), the United States Money Laundering Control Act of 1986, and the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (the "**USA PATRIOT Act**"), and the regulations promulgated under each, in each case, as amended from time to time (all such laws and regulations collectively, "**AML Laws**").

(e) Neither the Liquidity Provider nor any of its subsidiaries nor any of their respective directors, officers, employees or, to the Liquidity Provider's knowledge, agents, is an individual or entity that is, or is owned or controlled by one or more

individuals or entities that are: (i) the subject of any sanctions administered or enforced by the U.S. Department of the Treasury's Office of Foreign Assets Control, the U.S. Department of State, the United Nations Security Council, the European Union or His Majesty's Treasury (collectively, "**Sanctions**"); or (ii) located, organized or resident in a country or territory that is the subject of comprehensive Sanctions (including, as of the date of this Agreement and without limitation, the so-called Donetsk People's Republic, so-called Luhansk People's Republic or any other Covered Region of Ukraine identified pursuant to Executive Order 14065, and the non-government controlled areas of the Zaporizhzhia and Kherson Regions of Ukraine, the Crimea region, Cuba, Iran, North Korea and Syria).

The Liquidity Provider shall act in a manner consistent with all applicable AML Laws, the United States Foreign Corrupt Practices Act of 1977 as amended, the UK Bribery Act 2010 and other applicable anti-corruption laws (the "**Anti-Corruption Laws**") and Sanctions.

(f) The Liquidity Provider has all requisite authority, under applicable federal or state law, the rules, and regulations of any regulatory or self-regulatory organization to which it is subject, and its certificate of incorporation, formation or limited liability company operating agreement or other organizational document to enter into this Agreement and to discharge the duties and obligations apportioned to it in accordance with the terms hereof.

(g) The Liquidity Provider: (i) has, and will maintain, the computer hardware, software and technological knowhow required to transact in Digital Asset; and (ii) is responsible for confirming the accuracy of all accounts it is provided in connection with any Transaction Order or otherwise pursuant to this Agreement.

(h) There are no actions, grievances, proceedings (including, without limitation, arbitration proceedings), orders, inquiries or claims pending, or to the Liquidity Provider's knowledge, threatened against or affecting it or any of its employees (in his or her capacity as such) by the U.S. Securities and Exchange Commission (the "**SEC**"), Financial Industry Regulatory Authority, Inc. ("**FINRA**") or any other regulatory body or self-regulatory organization that would affect the Liquidity Provider's ability to fulfill its obligations hereunder.

(i) The Liquidity Provider shall promptly notify the Liquidity Engager and the Sponsor (on behalf of the Trust) in the event that any of the representations and warranties set forth in clauses (d) through (h) above cease to be accurate.

(j) With respect to any Digital Assets that the Liquidity Provider transfers and delivers to the Trust, the Liquidity Provider is the lawful owner of such Digital Assets with good and marketable title thereto, the Liquidity Provider has the absolute right to sell, assign, convey, transfer, and deliver such Digital Asset and the Trust will acquire good and unencumbered title to such Digital Asset, free and clear of all liens, charges, duties imposed on the transfer of assets and encumbrances and not subject to any adverse claims or transferability restrictions, whether arising by operation of law or otherwise.

(k) Any Digital Assets that are the subject of any Transaction Order are free and clear of any and all security interests, liens, pledges, claims (pending or threatened), charges, escrows, encumbrances, or similar rights. The Liquidity Provider is the owner of each Liquidity Provider Wallet, and has good title thereto. Each of its Liquidity

Provider Wallets and other wallets is owned and operated solely for the benefit of the Liquidity Provider, and no other person has any right, title, or interest in any such wallet.

(l) The Liquidity Provider will not, without prior written consent of the Liquidity Engager, use in advertising or publicity the name of the Sponsor, the Trust, the Liquidity Engager or any of their respective affiliates, any trade name, trademark, trade device, service mark, symbol or any abbreviation, contraction or simulation thereof owned by the Sponsor, the Trust, the Liquidity Engager or any of their respective affiliates.

(m) The Liquidity Provider will not disclose the Sponsor's, the Liquidity Engager's or the Trust's identity or the terms of any Transaction Order to any of its employees (except trading personnel involved in the execution of such transactions) without the prior express agreement of the Sponsor, the Liquidity Engager, or the Trust, as applicable.

(n) The Liquidity Provider will not disclose to any third party the identity of the Sponsor, the Liquidity Engager, the Trust or any other person or entity that is involved with any Transaction Order.

(o) With respect to Delayed Delivery Orders described in Section 1 hereof, the Liquidity Provider acknowledges that the timing of the Delayed Delivery Date may depend on a variety of factors at any given time, including the status of the unstaking queue for staked Digital Assets of the Trust. None of the Liquidity Engager, the Sponsor, the Trust, nor any of its and their affiliates, directors, officers, representatives, employees, or advisors makes any representation or warranty as to the accuracy or reliability of any estimated Delayed Delivery Date, or of any information used to formulate an estimated Delayed Delivery Date or to calculate the variable fee assigned to any Redemption Order, from time to time.

(p) The Liquidity Provider further acknowledges and agrees that it shall have no right to, or interest in, any staking rewards or other distributions accrued by the Trust in respect of the Digital Assets to which it may be entitled pursuant to a Delayed Delivery Order during the period prior to and through the Delayed Delivery Date.

Section 6 **Notices.** Except as otherwise specifically provided in this Agreement, all notices required or permitted to be given pursuant to this Agreement shall be given in writing and delivered by: (i) personal delivery; (ii) postage prepaid registered or certified United States first class mail, return receipt requested; (iii) overnight traceable mail (*e.g.*, Federal Express); (iv) electronic mail (e-mail); or (v) similar means of same day delivery. Any notice or other communication required by this Agreement shall be deemed to be duly received: (a) if via personal delivery, at the time when it was delivered; (b) if via postage prepaid registered or certified United States first class mail, return receipt requested or overnight traceable mail (*e.g.*, Federal Express), at the time when that mail is delivered; (c) if via electronic mail (e-mail), at the time that electronic message is received; except that any notice or communication which is received, or delivery of which is attempted, after close of business on the date of receipt or attempted delivery or on a day which is not a day on which commercial banks are open for business in the place where that notice or other communication is to be given shall be treated as given at the opening of business on the next following day which is such a day; or (d) via similar means of same day delivery, on the date actually sent or on the first business day after such

notice is sent via reputable overnight courier. Unless otherwise notified in writing, all notices to the Liquidity Engager, the Liquidity Provider, and the Sponsor (on behalf of the Trust) shall be directed to the address, e-mail address or facsimile number indicated below:

or such other address as any of the parties hereto shall have communicated in writing to the remaining parties in compliance with the provisions hereof.

Section 7 **Transfers.** EACH OF THE PARTIES HERETO ACKNOWLEDGES AND AGREES THAT DIGITAL ASSET TRANSFERS MAY BE IRREVERSIBLE. To the extent that the Liquidity Provider, the Sponsor (on behalf of the Trust), or the Liquidity Engager provide information in connection with the transactions contemplated hereby, such party is solely responsible for any loss that arises out of another party's actions in strict conformity with such information.

Section 8 **Termination.** This Agreement may be terminated at any time by any party upon sixty (60) days prior written notice delivered in the manner prescribed in Section 6 hereof to the other parties and may be terminated earlier by any party hereto at any time on the event of a material breach by any other party hereto of any provision of this Agreement. For the avoidance of doubt, if the Liquidity Engager or the Sponsor (on behalf of the Trust) determines that the Liquidity Provider has breached the provisions of Sections 1 through 7, as applicable, each of the Liquidity Engager and the Sponsor (on behalf of the Trust) has the authority to terminate this Agreement.

Section 9 **Limited Role of the Trust; Rights of the Trust.** Each of the Liquidity Parties hereby acknowledges and agrees that, except as set forth herein or as otherwise contemplated by the Trust Agreement, and subject to paragraph (b) of Section 3: (i) the Trust shall not be a party to any Transaction Orders under this Agreement and shall have no rights, privileges, obligations or liabilities with respect to any such Transaction Orders; (ii) no Liquidity Party is authorized to act for or on behalf of the Trust in connection with any such Transaction Orders; (iii) the Trust shall have no obligations under this Agreement, and no Liquidity Party shall have any recourse to the Trust or its properties or assets in respect of any actual or potential Transaction Orders (or any claim or controversy arising therefrom); (iv) each Liquidity Party shall not look to the Trust, but rather shall look solely to the other Liquidity Parties for satisfaction in the event of any claim or controversy under this Agreement; (v) without limiting the foregoing, the Liquidity Provider shall not have any right to recall or otherwise recover any Digital Asset previously delivered to the Trust (it being understood, however, that in the event the Creation Settlement Conditions or Redemption Settlement Conditions (as applicable and, in each case, as defined in the Trust Agreement) are not met with respect to any Transaction Order, any cash or Digital Asset (as the case may be) previously delivered to the Trust by the Liquidity Provider in respect of such Transaction Order shall promptly be returned to the Liquidity Provider (a “**Consideration Return Event**”)); and (vi) the Trust’s rights thereunder shall survive the termination of this Agreement.

Section 10 **Indemnification.**

(a) The Liquidity Provider shall indemnify and hold harmless the Liquidity Engager and the Sponsor and their respective affiliates, subsidiaries, directors, officers, employees and agents, and each person, if any, who controls such persons within the meaning of Section 15 of the Securities Act (each an “**LP Indemnified Party**”) from and against any claim, loss, liability, cost and expense (including, without limitation, reasonable attorneys’ fees) incurred by such LP Indemnified Party, including any liability of an LP Indemnified Party as a result of any express or implied obligation to indemnify the Trust, the Trust’s custodian, the Trust’s transfer agent and the relevant Authorized Participant(s), as a result of: (i) any breach by the Liquidity Provider of any provision of this Agreement that relates to the Liquidity Provider, unless such breach occurred as a result of the Liquidity Provider’s reasonable adherence on instructions reasonably given to it by such LP Indemnified Party; (ii) any failure on the part of the Liquidity Provider to perform any of its obligations set forth in this Agreement unless such failure occurred as a result of the Liquidity Provider’s reasonable adherence on instructions reasonably given to it by such LP Indemnified Party; (iii) any failure by the Liquidity Provider to comply with applicable laws, including, without limitation, rules and regulations of any regulatory or self-regulatory organizations in relation to its role as Liquidity Provider or (iv) any untrue statement of a material fact or omission to state any material fact required to be stated therein or necessary to make the statements therein not misleading in the Trust’s effective registration statement filed with the SEC, as the same may at any time and from time to time be amended or supplemented (the “**Registration Statement**”), to the extent such statement or omission was based upon written information furnished to an LP Indemnified Party by the Liquidity Provider specifically for use therein. Promptly after receipt by an LP Indemnified Party under this paragraph (a) of notice of the

commencement of any action, such LP Indemnified Party will, if a claim in respect thereof is to be made against the Liquidity Provider under this paragraph (a), notify the Liquidity Provider in writing of the commencement thereof; but the failure to so notify the Liquidity Provider: (x) will not relieve the Liquidity Provider from liability under this paragraph (a) unless and to the extent Liquidity Provider did not otherwise learn of such action and such failure results in the forfeiture by the Liquidity Provider of substantial rights and defenses; and (y) will not, in any event, relieve the Liquidity Provider from any other obligations the Liquidity Provider may have to any LP Indemnified Party. The Liquidity Provider shall be entitled to participate at its own expense in the defense, or, if it so elects, to assume the defense of any suit brought to enforce any claims, but if the Liquidity Provider elects to assume the defense, the defense shall be conducted by counsel chosen by it. If the Liquidity Provider does not elect to assume the defense of any suit, it will reimburse the LP Indemnified Parties in the suit for the reasonable fees and expenses of any counsel retained by them.

(b) Each of the Sponsor and Liquidity Engager, jointly and not severally, (each such party for purposes of this paragraph, individually and not collectively, an “**LP Indemnifying Party**”) shall indemnify and hold harmless the Liquidity Provider, its affiliates, subsidiaries, directors, officers, employees and agents, and each person, if any, who controls such persons within the meaning of Section 15 of the Securities Act (each a “**LAE Indemnified Party**”) from and against any claim, loss, liability, cost and expense (including, without limitation, reasonable attorneys’ fees) incurred by such LAE Indemnified Party as a result of: (i) any breach by such LP Indemnifying Party of any provision of this Agreement that relates to such LP Indemnifying Party, unless such breach occurred as a result of such LP Indemnifying Party’s reasonable adherence on instructions reasonably given to it by such LAE Indemnified Party; (ii) any failure by such LP Indemnifying Party to perform any of its obligations set forth in this Agreement applicable to it, unless such breach occurred as a result of such LP Indemnifying Party’s reasonable adherence on instructions reasonably given to it by such LAE Indemnified Party; (iii) any failure on the part of such LP Indemnifying Party to comply in all material respects with applicable laws, including, without limitation, rules and regulations of any regulatory or self-regulatory organizations to the extent such laws, rules and regulations are applicable to the transactions being undertaken pursuant to this Agreement; (iv) actions of such LAE Indemnified Party taken in reliance upon any instructions issued or representations made in accordance with this Agreement; or (v) any untrue statement of a material fact or omission to state any material fact required to be stated therein or necessary to make the statements therein not misleading in the Registration Statement, unless such statement or omission was furnished or otherwise approved in writing by the Liquidity Provider or any of their designees. Promptly after receipt by an LAE Indemnified Party under this paragraph (b) of notice of the commencement of any action, such LAE Indemnified Party will, if a claim in respect thereof is to be made against any LP Indemnifying Party under this paragraph (b), notify such LP Indemnifying Party in writing of the commencement thereof; but the failure to so notify such LP Indemnifying Party: (x) will not relieve such LP Indemnifying Party from liability under this paragraph (b) unless and to the extent LP Indemnifying Party did not otherwise learn of such action and such failure results in the forfeiture by such LP Indemnifying Party of substantial rights and defenses; and (y) will not, in any event, relieve such LP Indemnifying Party

from any other obligations such LP Indemnifying Party may have to any LAE Indemnified Party. Each LP Indemnifying Party shall be entitled to participate at its own expense in the defense, or, if it so elects, to assume the defense of any suit brought to enforce any claims, but if such LP Indemnifying Party elects to assume the defense, the defense shall be conducted by counsel chosen by it. If such LP Indemnifying Party does not elect to assume the defense of any suit, it will reimburse the LAE Indemnified Parties in the suit for the reasonable fees and expenses of any counsel retained by them.

(c) No indemnifying party, as described in paragraphs (a) and (b) above, shall, without the written consent of the applicable LP Indemnified Party or the applicable LAE Indemnified Party, as the case may be, effect the settlement or compromise of, or consent to the entry of any judgment with respect to, any pending or threatened action or claim in respect of which indemnification may be sought hereunder (whether or not the indemnified party is an actual or potential party to such action or claim) unless such settlement, compromise or judgment: (i) includes an unconditional release of the applicable LP Indemnified Party or applicable LAE Indemnified Party, as the case may be, from all liability arising out of such action or claim; and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act, by or on behalf of any LP Indemnified Party or LAE Indemnified Party, as the case may be.

(d) The Liquidity Provider shall not be liable to any LP Indemnified Party for any damages arising out of: (i) mistakes or errors in data provided in connection with Creations or Redemptions except for data provided by the Liquidity Provider; or (ii) mistakes or errors by, or arising out of interruptions or delays of communications with any LP Indemnified Party.

(e) The indemnification provided for in paragraph (a) shall not apply to the extent any such losses, liabilities, damages, costs, and expenses are incurred as a result of any fraud, gross negligence, bad faith or reckless or willful misconduct on the part of an LP Indemnified Party. The indemnification provided for in paragraph (b) shall not apply to the extent any such losses, liabilities, damages, costs, and expenses are incurred as a result of any fraud, gross negligence, bad faith or reckless or willful misconduct on the part of a LAE Indemnified Party.

(f) The indemnity agreements contained in this Section 10 shall remain in full force and effect and shall survive any termination of this Agreement

Section 11 **Miscellaneous.**

(a) **Governing Law.** This Agreement shall be governed by and construed in accordance with the laws of the State of New York (regardless of the laws that might otherwise govern under applicable New York conflict of laws principles) as to all matters, including matters of validity, construction, effect, performance, and remedies. Each party hereto irrevocably consents to the jurisdiction of the courts of the State of New York and of any federal court located in the Borough of Manhattan in such State in connection with any action, suit or other proceeding arising out of or relating to this Agreement or any action taken or omitted hereunder, and waives any claim of *forum non conveniens* and any objections as to laying of venue. Each party further waives personal service of any summons, complaint or other process and agrees that service thereof may be made by certified or registered mail directed to such party at such party's address for

purposes of notices hereunder. EACH PARTY HERETO IRREVOCABLY WAIVES ANY AND ALL RIGHTS TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT.

(b) Assignment. No party to this Agreement shall assign any rights, or delegate the performance of any obligations, arising hereunder without the prior written consent of the other parties hereto, which shall not be unreasonably withheld, *provided* that any entity into which a party hereto may be merged or converted, or with which it may be consolidated, or any entity resulting from any merger, consolidation or conversion to which a party hereunder shall be a party, shall be the successor of such party hereunder without further action. The party resulting from any such merger, conversion, consolidation, or succession shall promptly notify the other parties hereto of the change. Any purported assignment or delegation in violation of these provisions shall be null and void *ab initio*.

(c) No Strict Construction. The language used in this Agreement will be deemed to be the language chosen by the parties to express their mutual intent, and no rule of strict construction will be applied against any party.

(d) Counterparts. This Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

(e) Severability. Any term or provision of this Agreement that is held by a court of competent jurisdiction or any governmental or regulatory (including stock exchange) body, agency, court, commission, instrumentality, authority or other legislative, executive or judicial entity (each, a "**Governmental Entity**") to be invalid, void or unenforceable in any situation in any jurisdiction will not affect the validity or enforceability of the remaining terms and provisions of this Agreement or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction. If the final judgment of a court of competent jurisdiction or other Governmental Entity declares that any term or provision of this Agreement is invalid, void, or unenforceable, the parties hereto will negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible.

(f) Waiver of Compliance. Any failure of any of the parties hereto to comply with any obligation, covenant, agreement or condition herein may be waived by the party entitled to the benefits thereof by a written instrument signed by the party granting such waiver, *provided, however*, that any such written waiver, or the failure to insist upon strict compliance with any obligation, covenant, agreement or condition herein, shall not operate as a waiver of, or give rise to any claim of estoppel with respect to, any subsequent or other failure hereunder.

(g) Amendment and Restatement. This Agreement shall amend and restate and supersede in its entirety that certain liquidity provider agreement, dated [], by and among the parties.
