QUARTERLY REPORT

For the quarterly period ended June 30, 2024

Shares Representing Common Units of Fractional Undivided Beneficial Interest

No Par Value Per Share

Unlimited Shares Authorized

1,269,527 Shares Issued and Outstanding as of June 30, 2024

OTCQX: GSOL

Grayscale Investments, LLC (the “Sponsor”), on behalf of Grayscale Solana Trust (SOL) (the “Trust”), is responsible for the content of this quarterly report for the quarter ended June 30, 2024 (the “Quarterly Report”), which has been prepared to fulfill the disclosure requirements of the OTCQX U.S. marketplace. The information contained in this Quarterly Report has not been filed with, or approved by, the U.S. Securities and Exchange Commission (the “SEC”) or any state securities commission. Any representation to the contrary is a criminal offense.

All references to “the Trust,” “the Sponsor,” “the Issuer,” “Grayscale Solana Trust (SOL),” “we,” “us” or “our” refers to the Trust or the Sponsor, as the context indicates. The Trust is a passive entity with no operations, and where the context requires, we provide disclosure with respect to the Sponsor, which administers the Trust.

Indicate by check mark whether the company is a shell company (as defined in Rule 405 of the Securities Act of 1933 and Rule 12b-2 of the Exchange Act of 1934).

Yes ☐ No ☒

Indicate by check mark whether the company’s shell status has changed since the previous reporting period.

Yes ☐ No ☒

Indicate by check mark whether a change in control of the company has occurred over this reporting period.

Yes ☐ No ☒

Exhibit 1	Unaudited Interim Financial Statements - June 30, 2024	

Cautionary Note Regarding Forward-Looking Statements

This Quarterly Report contains “forward-looking statements” with respect to the Trust’s financial conditions, results of operations, plans, objectives, future performance and business. Statements preceded by, followed by or that include words such as “may,” “might,” “will,” “should,” “expect,” “plan,” “anticipate,” “believe,” “estimate,” “predict,” “potential” or “continue,” the negative of these terms and other similar expressions are intended to identify some of the forward-looking statements. All statements (other than statements of historical fact) included in this Quarterly Report that address activities, events or developments that will or may occur in the future, including such matters as changes in market prices and conditions, the Trust’s operations, the Sponsor’s plans and references to the Trust’s future success and other similar matters are forward-looking statements. These statements are only predictions. Actual events or results may differ materially from such statements. These statements are based upon certain assumptions and analyses the Sponsor made based on its perception of historical trends, current conditions and expected future developments, as well as other factors appropriate in the circumstances. You should specifically consider the numerous risks outlined under “Risk Factors” in our Annual Report. Whether or not actual results and developments will conform to the Sponsor’s expectations and predictions, however, is subject to a number of risks and uncertainties, including:

- the risk factors discussed in this Quarterly Report, including the particular risks associated with new technologies such as Solana and blockchain technology;
- the Trust’s inability to redeem Shares;
- the inability of the Trust to meet its investment objective;
- economic conditions in the SOL industry and market;
- general economic, market and business conditions;
- global or regional political, economic or financial conditions, events and situations;
- the use of technology by us and our vendors, including the Custodian, in conducting our business, including disruptions in our computer systems and data centers and our transition to, and quality of, new technology platforms;
- changes in laws or regulations, including those concerning taxes, made by governmental authorities or regulatory bodies;
- the costs and effect of any litigation or regulatory investigations;
- our ability to maintain a positive reputation; and
- other world economic and political developments.

Consequently, all of the forward-looking statements made in this Quarterly Report are qualified by these cautionary statements, and there can be no assurance that the actual results or developments the Sponsor anticipates will be realized or, even if substantially realized, that they will result in the expected consequences to, or have the expected effects on, the Trust’s operations or the value of the Shares. Should one or more of the risks discussed under “Risk Factors” in our Annual Report or other uncertainties materialize, or should underlying assumptions prove incorrect, actual outcomes may vary materially from those described in forward-looking statements. Forward-looking statements are made based on the Sponsor’s beliefs, estimates and opinions on the date the statements are made and neither the Trust nor the Sponsor is under a duty or undertakes an obligation to update forward-looking statements if these beliefs, estimates and opinions or other circumstances should change, other than as required by applicable laws. Moreover, neither the Trust, the Sponsor, nor any other person assumes responsibility for the accuracy and completeness of any of these forward-looking statements. Investors are therefore cautioned against relying on forward-looking statements.

The risk factors included in our Annual Report continue to apply to us, and describe risks and uncertainties that could cause actual results to differ materially from the results expressed or implied by the forward-looking statements contained in this Quarterly Report. There have not been any material changes from the risk factors previously described in our Annual Report, except for as provided in “Item 7. Other Information.”

Glossary

In this Quarterly Report, each of the following terms has the meaning assigned to it here:

“Actual Exchange Rate”—With respect to any particular asset, at any time, the price per single unit of such asset (determined net of any associated fees) at which the Trust is able to sell such asset for U.S. dollars (or other applicable fiat currency) at such time to enable the Trust to timely pay any Additional Trust Expenses, through use of the Sponsor’s commercially reasonable efforts to obtain the highest such price.

“Additional Trust Expenses”—Together, any expenses incurred by the Trust in addition to the Sponsor’s Fee that are not Sponsor-paid Expenses, including, but not limited to, (i) taxes and governmental charges, (ii) expenses and costs of any extraordinary services performed by the Sponsor (or any other service provider) on behalf of the Trust to protect the Trust or the interests of shareholders (including in connection with any Incidental Rights and any IR Virtual Currency), (iii) any indemnification of the Custodian or other agents, service providers or counterparties of the Trust, (iv) the fees and expenses related to the listing, quotation or trading of the Shares on any Secondary Market (including legal, marketing and audit fees and expenses) to the extent exceeding \$600,000 in any given fiscal year and (v) extraordinary legal fees and expenses, including any legal fees and expenses incurred in connection with litigation, regulatory enforcement or investigation matters.

“Administrator Fee”—The fee payable to any administrator of the Trust for services it provides to the Trust, which the Sponsor will pay such administrator as a Sponsor-paid Expense.

“Agent”—A Person appointed by the Trust to act on behalf of the shareholders in connection with any distribution of Incidental Rights and/or IR Virtual Currency.

“Annual Report”—The Trust’s Annual Report for the year ended December 31, 2023.

“Authorized Participant”—Certain eligible financial institutions that have entered into an agreement with the Trust and the Sponsor concerning the creation of Shares. Each Authorized Participant (i) is a registered broker-dealer, (ii) has entered into a Participant Agreement with the Sponsor and (iii) owns a digital wallet address that is known to the Custodian as belonging to the Authorized Participant or a Liquidity Provider.

“Basket”—A block of 100 Shares.

“Basket Amount”—On any trade date, the amount of SOL required as of such trade date for each Creation Basket, as determined by dividing (x) the amount of SOL owned by the Trust at 4:00 p.m., New York time, on such trade date, after deducting the amount of SOL representing the U.S. dollar value of accrued but unpaid fees and expenses of the Trust (converted using the Index Price at such time, and carried to the eighth decimal place), by (y) the number of Shares outstanding at such time (with the quotient so obtained calculated to one one-hundred-millionth of one SOL (*i.e.*, carried to the eighth decimal place)), and multiplying such quotient by 100.

“Blockchain” or “Solana Blockchain”—The public transaction ledger of the Solana Network on which transactions in SOL are recorded.

“Creation Basket”—Basket of Shares issued by the Trust in exchange for deposits of the Basket Amount required for each such Creation Basket.

“Custodial Services”—The Custodian’s services that (i) allow SOL to be deposited from a public blockchain address to the Trust’s Digital Asset Account and (ii) allow the Trust and the Sponsor to withdraw SOL from the Trust’s Digital Asset Account to a public blockchain address the Trust or the Sponsor controls pursuant to instructions the Trust or the Sponsor provides to the Custodian.

“Custodian”—Coinbase Custody Trust Company, LLC.

“Custodian Agreement”—The Amended and Restated Custodial Services Agreement, dated as of June 29, 2022, by and between the Trust and the Sponsor and Custodian that governs the Trust’s and the Sponsor’s use of the Custodial Services provided by the Custodian as a fiduciary with respect to the Trust’s assets.

“Custodian Fee”—Fee payable to the Custodian for services it provides to the Trust, which the Sponsor shall pay to the Custodian as a Sponsor-paid Expense.

“DCG”—Digital Currency Group, Inc.

“Digital Asset Account”—A segregated custody account controlled and secured by the Custodian to store private keys, which allow for the transfer of ownership or control of the Trust’s SOL on the Trust’s behalf.

“Digital Asset Market”—A “Brokered Market,” “Dealer Market,” “Principal-to-Principal Market” or “Exchange Market” (referred to as “Trading Platform Market” in this Quarterly Report), as each such term is defined in the Financial Accounting Standards Board Accounting Standards Codification Master Glossary.

“Digital Asset Trading Platform”—An electronic marketplace where trading platform participants may trade, buy and sell SOL based on bid-ask trading. The largest Digital Asset Trading Platforms are online and typically trade on a 24-hour basis, publishing transaction price and volume data.

“Digital Asset Trading Platform Market”—The global trading platform market for the trading of SOL, which consists of transactions on electronic Digital Asset Trading Platforms.

“DSTA”—The Delaware Statutory Trust Act, as amended.

“DTC”—The Depository Trust Company. DTC is a limited purpose trust company organized under New York law, a member of the U.S. Federal Reserve System and a clearing agency registered with the SEC. DTC will act as the securities depository for the Shares.

“Exchange Act”—The Securities Exchange Act of 1934, as amended.

“FINRA”—The Financial Industry Regulatory Authority, Inc., which is the primary regulator in the United States for broker-dealers, including Authorized Participants.

“GAAP”—United States generally accepted accounting principles.

“Genesis”—Genesis Global Trading, Inc., a wholly owned subsidiary of Digital Currency Group, Inc., which served as a Liquidity Provider from October 3, 2022 to September 12, 2023.

“Grayscale Securities”—Grayscale Securities, LLC, a wholly owned subsidiary of the Sponsor, which as of the date of this Quarterly Report, is the only acting Authorized Participant.

“Incidental Rights”—Rights to acquire, or otherwise establish dominion and control over, any virtual currency or other asset or right, which rights are incident to the Trust’s ownership of SOL and arise without any action of the Trust, or of the Sponsor or Trustee on behalf of the Trust.

“Index”—The CoinDesk Solana Price Index (SLX).

“Index License Agreement”—The license agreement, dated as of February 1, 2022, between the Index Provider and the Sponsor governing the Sponsor’s use of the Index for calculation of the Index Price, as amended by Amendment No. 1 thereto and as the same may be amended from time to time.

“Index Price”—The U.S. dollar value of a SOL derived from the Digital Asset Trading Platforms that are reflected in the Index, calculated at 4:00 p.m., New York time, on each business day. See “Grayscale Solana Trust (SOL)—The Index and the Index Price” in our Annual Report for a description of how the Index Price is calculated. For purposes of the Trust Agreement, the term SOL Index Price shall mean the Index Price as defined herein.

“Index Provider”—CoinDesk Indices, Inc., a Delaware corporation that publishes the Index. Prior to its sale to an unaffiliated third party on November 20, 2023, DCG was the indirect parent company of CoinDesk Indices, Inc. As a result, CoinDesk Indices, Inc. was an affiliate of the Sponsor and the Trust and was considered a related party of the Trust.

“Investment Advisers Act”—Investment Advisers Act of 1940, as amended.

“Investment Company Act”—Investment Company Act of 1940, as amended.

“Investor”—Any investor that has entered into a subscription agreement with an Authorized Participant, pursuant to which such Authorized Participant will act as agent for the investor.

“IR Virtual Currency”—Any virtual currency tokens, or other asset or right, acquired by the Trust through the exercise (subject to the applicable provisions of the Trust Agreement) of any Incidental Right.

“Liquidity Provider”—A service provider that facilitates the purchase of SOL in connection with the creation of Baskets.

“Marketing Fee”—Fee payable to the marketer for services it provides to the Trust, which the Sponsor will pay to the marketer as a Sponsor-paid Expense.

“NAV”—The aggregate value, expressed in U.S. dollars, of the Trust’s assets (other than U.S. dollars or other fiat currency), less its liabilities (which include estimated accrued but unpaid fees and expenses), a Non-GAAP metric, calculated in the manner set forth under “Grayscale Solana Trust (SOL)—Description of the Trust—Valuation of SOL and Determination of NAV” in our Annual Report. See also “Management’s Discussion and Analysis—Critical Accounting Policies—Principal Market and Fair Value Determination” in our Annual Report for a description of the Trust’s Principal Market NAV, as calculated in accordance with GAAP. Prior to March 8, 2024, NAV was referred to as Digital Asset Holdings. For purposes of the Trust Agreement, the term Digital Asset Holdings shall mean the NAV as defined herein.

“NAV Fee Basis Amount”—The amount on which the Sponsor’s Fee for the Trust is based, as calculated in the manner set forth under “Grayscale Solana Trust (SOL)—Description of the Trust—Valuation of SOL and Determination of NAV” in our Annual Report. For purposes of the Trust Agreement, the term Digital Asset Holdings Basis Amount shall mean the NAV Fee Basis Amount as defined herein.

“OTCQX”—The OTCQX Best Market® of OTC Markets Group Inc.

“Participant Agreement”—An agreement entered into by an Authorized Participant with the Sponsor that provides the procedures for the creation of Baskets and for the delivery of SOL required for Creation Baskets.

“Principal Market NAV”—The net asset value of the Trust determined on a GAAP basis. Prior to March 8, 2024, Principal Market NAV was referred to as NAV.

“Quarterly Report”—This Quarterly Report for the three and six months ended June 30, 2024.

“Reverse Share Split”—A 1-for-20 reverse Share split of the Trust’s issued and outstanding Shares, which was effective on June 23, 2022, to shareholders of record as of the close of business on June 22, 2022. A 1-for-2 reverse Share split of the Trust’s issued and outstanding Shares, which was effective on March 20, 2023, to shareholders of record as of the close of business on March 15, 2023.

“Rule 144”—Rule 144 under the Securities Act.

“SEC”—The U.S. Securities and Exchange Commission.

“Secondary Market”—Any marketplace or other alternative trading system, as determined by the Sponsor, on which the Shares may then be listed, quoted or traded, including but not limited to, the OTCQX Best Market of OTC Markets Group Inc.

“Securities Act”—The Securities Act of 1933, as amended.

“Shares”—Common units of fractional undivided beneficial interest in, and ownership of, the Trust.

“SOL” or “Solana”—Solana tokens, which are a type of digital asset based on an open-source cryptographic protocol existing on the Solana Network, comprising units that constitute the assets underlying the Trust’s Shares. See “Overview of the SOL Industry and Market” in our Annual Report.

“Solana Network”—The online, end-user-to-end-user network hosting a public transaction ledger, known as the Solana Blockchain, and the source code comprising the basis for the cryptographic and algorithmic protocols governing the Solana Network. See “Overview of the SOL Industry and Market” in our Annual Report.

“Sponsor”—Grayscale Investments, LLC.

“Sponsor-paid Expenses”—The fees and expenses incurred by the Trust in the ordinary course of its affairs that the Sponsor is obligated to assume and pay, excluding taxes, but including: (i) the Marketing Fee, (ii) the Administrator Fee, (iii) the Custodian Fee and fees for any other security vendor engaged by the Trust, (iv) the Transfer Agent fee, (v) the Trustee fee, (vi) the fees and expenses related to the listing, quotation or trading of the Shares on any Secondary Market (including customary legal, marketing and audit fees and expenses) in an amount up to \$600,000 in any given fiscal year, (vii) ordinary course legal fees and expenses, (viii) audit fees, (ix) regulatory fees, including, if applicable, any fees relating to the registration of the Shares under the Securities Act or the Exchange Act, (x) printing and mailing costs, (xi) costs of maintaining the Trust’s website and (xii) applicable license fees, provided that any expense that qualifies as an Additional Trust Expense will be deemed to be an Additional Trust Expense and not a Sponsor-paid Expense.

“Sponsor’s Fee”—A fee, payable in SOL which accrues daily in U.S. dollars at an annual rate of 2.5% of the NAV Fee Basis Amount of the Trust as of 4:00 p.m., New York time, on each day; provided that for a day that is not a business day, the calculation of the Sponsor’s Fee will be based on the NAV Fee Basis Amount from the most recent business day, reduced by the accrued and unpaid Sponsor’s Fee for such most recent business day and for each day after such most recent business day and prior to the relevant calculation date.

“Transfer Agent”—Continental Stock Transfer & Trust Company, a Delaware corporation.

“Transfer Agent Fee”—Fee payable to the Transfer Agent for services it provides to the Trust, which the Sponsor will pay to the Transfer Agent as a Sponsor-paid Expense.

“Trust”—Grayscale Solana Trust (SOL), a Delaware statutory trust, formed on November 9, 2021 under the DSTA and pursuant to the Trust Agreement.

“Trust Agreement”—The Amended and Restated Declaration of Trust and Trust Agreement between the Trustee and the Sponsor establishing and governing the operations of the Trust, as amended by Amendments No. 1 and No. 2 thereto and as the same may be amended from time to time.

“Trustee”—Delaware Trust Company (formerly known as CSC Trust Company of Delaware), a Delaware trust company, is the Delaware trustee of the Trust.

“U.S.”—United States.

“U.S. dollar” or “\$”—United States dollar, or dollars.

Item 1. The exact name of the issuer and the address of its principal executive offices.

The name of the Trust is Grayscale Solana Trust (SOL). The Trust was previously named Grayscale Solana Trust, whose name was changed pursuant to a Certificate of Amendment to the Certificate of Trust of Grayscale Solana Trust filed with the Delaware Secretary of State on November 23, 2021.

The address of the Sponsor is: Grayscale Investments, LLC
290 Harbor Drive, 4th Floor
Stamford, CT 06902

The Sponsor's telephone number is: (212) 668-1427

The Sponsor's facsimile number is: (212) 937-3645

The Sponsor's website: The Sponsor maintains a corporate website, www.grayscale.com, which contains general information about the Trust and the Sponsor. The reference to our website is an interactive textual reference only, and the information contained on our website shall not be deemed incorporated by reference herein.

Investor relations contact: Edward McGee

Email: info@grayscale.com

Item 2. Shares outstanding.

The only class of securities outstanding is common units of fractional undivided beneficial interest ("Shares"), which represent ownership in the Trust. The Trust's trading symbol on the OTCQX Best Market[®] ("OTCQX") of OTC Markets Group Inc. is "GSOL" and the CUSIP number for its Shares is 38965D104.

On March 20, 2023, the Trust completed a 1-for-2 Reverse Share Split of the Trust's issued and outstanding Shares. In connection with the Reverse Share Split effective for shareholders of record on March 15, 2023, every two issued and outstanding Shares of the Trust were converted into one Share. The number of outstanding Shares and per-Share amounts disclosed for all periods presented, throughout this Quarterly Report, have been retroactively adjusted to reflect the effects of the Reverse Share Splits.

The following table shows the number of the Shares outstanding:

	As of June 30, 2024	As of December 31, 2023
(i) Number of Shares authorized	Unlimited	Unlimited
(ii) Number of Shares outstanding ⁽¹⁾	1,269,527	633,627
(iii) Number of Shares freely tradable (public float) ⁽¹⁾⁽²⁾	299,991	197,531
(iv) Number of beneficial holders owning at least 100 Shares ⁽³⁾	105	29
(v) Number of holders of record ⁽³⁾	106	30

(1) Share amounts have been retroactively adjusted to reflect the 1-for-2 Reverse Share Split of the Trust's issued and outstanding Shares completed on March 20, 2023.

(2) Public float means the total number of unrestricted Shares not held directly or indirectly by an officer, director, any person who is the beneficial owner of more than 10% of the total Shares outstanding, or anyone who controls, is controlled by or is under common control with such person, or any immediate family members of officers, directors and control persons. Freely tradable Shares inclusive of holders with more than 10% of total Shares outstanding was 299,991 and 281,410 as of June 30, 2024 and December 31, 2023, respectively.

(3) Includes Cede & Co. nominee for DTC for the Shares traded on OTCQX, but not its direct participants. Therefore, this number does not include the individual holders who have bought/sold Shares on OTCQX or transferred their eligible Shares to their brokerage accounts.

From November 18, 2021 (the inception of the Trust's operations) to June 30, 2024, the Trust has offered the Shares pursuant to Rule 506 of the Regulation D under the Securities Act. The Shares offered by the Trust have not been registered under the Securities Act, or any state or other securities laws, and were offered and sold only to "accredited investors"

within the meaning of Rule 501(a) of Regulation D under the Securities Act, and in compliance with any applicable state or other securities laws.

The table below describes the Shares offered, the Shares sold and the average and range of prices at which the Shares were offered and sold by the Trust. All Shares initially offered and sold by the Trust are restricted securities pursuant to Rule 144 under the Securities Act. Until the Shares sold by the Trust become unrestricted in accordance with Rule 144, the certificates or other documents evidencing the Shares will contain legends stating that the Shares have not been registered under the Securities Act and referring to the restrictions on transferability and sale of the Shares under the Securities Act. Such legends are removed upon Shares becoming unrestricted in accordance with Rule 144 and after they have been presented to outside counsel, who may instruct the Transfer Agent to remove such legends. From November 18, 2021 (the inception of the Trust's operations) to June 30, 2024, no Shares, other securities of the Trust, or options to acquire such other securities were issued in exchange for services provided by any person or entity.

Period	Shares Offered	Shares Sold	No. of Purchasers	Avg. ⁽¹⁾⁽²⁾	High ⁽¹⁾⁽²⁾	Date	Low ⁽¹⁾⁽²⁾	Date
Twelve months ended December 31, 2022	Unlimited	164,582	13	\$ 22.97	\$ 70.89	1/1/2022	\$ 3.23	12/29/2022
Twelve months ended December 31, 2023	Unlimited	329,200	16	\$ 11.21	\$ 45.37	12/25/2023	\$ 3.88	1/1/2023
January 1, 2024 to June 30, 2024	Unlimited	635,900	93	\$ 52.31	\$ 75.47	3/31/2024	\$ 30.78	1/23/2024

(1) The prices reflected represent the Index Price (non-GAAP methodology).

(2) The prices have been retroactively adjusted to reflect the 1-for-10 Reverse Share Split of the Trust's issued and outstanding Shares completed on March 18, 2022 and the 1-for-2 Reverse Share Split of the Trust's issued and outstanding Shares completed on March 20, 2023.

Item 3. Unaudited interim financial statements.

The Trust's unaudited interim financial statements as of and for the three and six months ended June 30, 2024 are attached as Exhibit 1 to this Quarterly Report. The historical results presented herein and therein are not necessarily indicative of financial results to be achieved in future periods. The Trust's unaudited financial statements attached as Exhibit 1 to this Quarterly Report are incorporated herein by reference and are considered as part of this Quarterly Report.

Item 4. Management's discussion and analysis.

The following discussion and analysis of our financial condition and results of operations should be read together with, and is qualified in its entirety by reference to, our unaudited financial statements and related notes attached as an exhibit to this Quarterly Report, which have been prepared in accordance with GAAP. The following discussion may contain forward-looking statements based on assumptions we believe to be reasonable. Our actual results could differ materially from those discussed in these forward-looking statements. Factors that could cause or contribute to these differences include, but are not limited to, those set forth under "Risk Factors" or in other sections of our Annual Report, and under "Cautionary Note Regarding Forward-Looking Statements."

Trust Overview

The Trust is a passive entity that is managed and administered by the Sponsor and does not have any officers, directors or employees. The Trust holds SOL and, from time to time on a periodic basis, issues Creation Baskets in exchange for deposits of SOL. As a passive investment vehicle, the Trust's investment objective is for the value of the Shares (based on SOL per Share) to reflect the value of SOL held by the Trust, determined by reference to the Index Price, less the Trust's expenses and other liabilities. While an investment in the Shares is not a direct investment in SOL, the Shares are designed to provide investors with a cost-effective and convenient way to gain investment exposure to SOL. To date, the Trust has not met its investment objective and the Shares quoted on OTCQX have not reflected the value of SOL held by the Trust, less the Trust's expenses and other liabilities, but instead have traded at a premium to such value, which at times has been substantial. The Trust is not managed like a business corporation or an active investment vehicle.

The activities of the Trust are limited to (i) issuing Baskets in exchange for SOL transferred to the Trust as consideration in connection with the creations, (ii) transferring or selling SOL, Incidental Rights and IR Virtual Currency as necessary to cover the Sponsor's Fee and/or any Additional Trust Expenses, (iii) transferring SOL in exchange for Baskets surrendered for redemption (subject to obtaining regulatory approval from the SEC and approval from the Sponsor), (iv) causing the Sponsor to sell SOL, Incidental Rights and IR Virtual Currency on the termination of the Trust, (v) making distributions of Incidental Rights and/or IR Virtual Currency or cash from the sale thereof and (vi) engaging in all administrative and security procedures necessary to accomplish such activities in accordance with the provisions of the Trust Agreement, the Custodian Agreement, the Index License Agreement and the Participant Agreements.

In addition, the Trust may engage in any lawful activity necessary or desirable in order to facilitate shareholders' access to Incidental Rights or IR Virtual Currency, provided that such activities do not conflict with the terms of the Trust Agreement. The Trust will not be actively managed. It will not engage in any activities designed to obtain a profit from, or to ameliorate losses caused by, changes in the market prices of SOL.

Incidental Rights and IR Virtual Currency

The Trust may from time to time come into possession of Incidental Rights and/or IR Virtual Currency by virtue of its ownership of SOL, generally through a fork in the Blockchain, an airdrop offered to holders of SOL, or similar event. Pursuant to the terms of the Trust Agreement, the Trust may take any lawful action necessary or desirable in connection with the Trust's ownership of Incidental Rights, including the acquisition of IR Virtual Currency, unless such action would adversely affect the status of the Trust as a grantor trust for U.S. federal income tax purposes or otherwise be prohibited by the Trust Agreement. These actions include (i) selling Incidental Rights and/or IR Virtual Currency in the Digital Asset Market and distributing the cash proceeds to shareholders, (ii) distributing Incidental Rights and/or IR Virtual Currency in kind to the shareholders or to an agent acting on behalf of the shareholders for sale by such agent if an in-kind distribution would otherwise be infeasible and (iii) irrevocably abandoning Incidental Rights or IR Virtual Currency. The Trust may also use Incidental Rights and/or IR Virtual Currency to pay the Sponsor's Fee and Additional Trust Expenses, if any, as discussed below under "—Trust Expenses." However, the Trust does not expect to take any Incidental Rights or IR Virtual Currency it may hold into account for purposes of determining the Trust's NAV, the NAV per Share, Principal Market NAV or the Principal Market NAV per Share.

Trust Expenses

The Trust's only ordinary recurring expense is expected to be the Sponsor's Fee. The Sponsor's Fee will accrue daily in U.S. dollars at an annual rate of 2.5% of the NAV Fee Basis Amount of the Trust as of 4:00 p.m., New York time, on each day; provided that for a day that is not a business day, the calculation of the Sponsor's Fee will be based on the NAV Fee Basis Amount from the most recent business day, reduced by the accrued and unpaid Sponsor's Fee for such most recent business day and for each day after such most recent business day and prior to the relevant calculation date. This dollar amount for each daily accrual will then be converted into SOL by reference to the same Index Price used to determine such accrual. The Sponsor's Fee is payable in SOL to the Sponsor monthly in arrears.

To cause the Trust to pay the Sponsor's Fee, the Sponsor will instruct the Custodian to (i) withdraw from the Digital Asset Account the amount of SOL equal to the accrued but unpaid Sponsor's Fee and (ii) transfer such SOL to the Sponsor's account at such times as the Sponsor determines in its absolute discretion.

If the Trust holds any Incidental Rights and/or IR Virtual Currency at any time, the Trust may also pay the Sponsor's Fee, in whole or in part, with such Incidental Rights and/or IR Virtual Currency by entering into an agreement with the Sponsor and transferring such Incidental Rights and/or IR Virtual Currency to the Sponsor at a value to be determined pursuant to such agreement. However, the Trust may use Incidental Rights and/or IR Virtual Currency to pay the Sponsor's Fee only if such agreement and transfer do not otherwise conflict with the terms of the Trust Agreement. The value of any such Incidental Rights and/or IR Virtual Currency will be determined on an arm's-length basis. The Trust currently expects that the value of any such Incidental Rights and/or IR Virtual Currency would be determined by reference to an index provided by the Index Provider or, in the absence of such an index, by reference to the cascading set of rules described in "Grayscale Solana Trust (SOL)—The Index and the Index Price" in our Annual Report. If the Trust pays the Sponsor's Fee in Incidental Rights and/or IR Virtual Currency, in whole or in part, the amount of SOL that would otherwise have been used to satisfy such payment will be correspondingly reduced. The Sponsor, from time to time, may temporarily waive all or a portion of the Sponsor's Fee in its discretion for stated periods of time. Presently, the Sponsor does not intend to waive any of the Sponsor's Fee and there are no circumstances under which the Sponsor has determined it will definitely waive the fee.

After the Trust's payment of the Sponsor's Fee to the Sponsor, the Sponsor may elect to convert the SOL, Incidental Rights and/or IR Virtual Currency received as payment of the Sponsor's Fee into U.S. dollars. The rate at which the Sponsor converts such SOL, Incidental Rights and/or IR Virtual Currency into U.S. dollars may differ from the rate at which the Sponsor's Fee was determined. The Trust will not be responsible for any fees and expenses incurred by the Sponsor to convert SOL, Incidental Rights and/or IR Virtual Currency received in payment of the Sponsor's Fee into U.S. dollars.

As partial consideration for its receipt of the Sponsor's Fee, the Sponsor has assumed the obligation to pay the Sponsor-paid Expenses. There is no cap on such Sponsor-Paid Expenses. The Sponsor has not assumed the obligation to pay Additional Trust Expenses. Any expense that qualifies as an Additional Trust Expense will be deemed to be an Additional Trust Expense and not a Sponsor-paid Expense. If Additional Trust Expenses are incurred, the Sponsor (i) will instruct the Custodian to withdraw from the Digital Asset Account SOL, Incidental Rights and/or IR Virtual Currency in such quantity as may be necessary to permit payment of such Additional Trust Expenses and (ii) may either (x) cause the Trust (or its delegate) to convert such SOL, Incidental Rights and/or IR Virtual Currency into U.S. dollars or other fiat currencies at the Actual Exchange Rate or (y) when the Sponsor incurs such expenses on behalf of the Trust, cause the Trust (or its delegate) to deliver such SOL, Incidental Rights and/or IR Virtual Currency in kind to the Sponsor, in satisfaction of such Additional Trust Expenses. If the Trust pays the Additional Trust Expenses in Incidental Rights and/or IR Virtual Currency, in whole or in part, the amount of SOL that would otherwise have been used to satisfy such payment will be correspondingly reduced.

The amount of SOL represented by a Share will decline each time the Trust pays the Sponsor's Fee or any Additional Trust Expenses by transferring or selling SOL.

Impact of Trust Expenses on the Trust's NAV

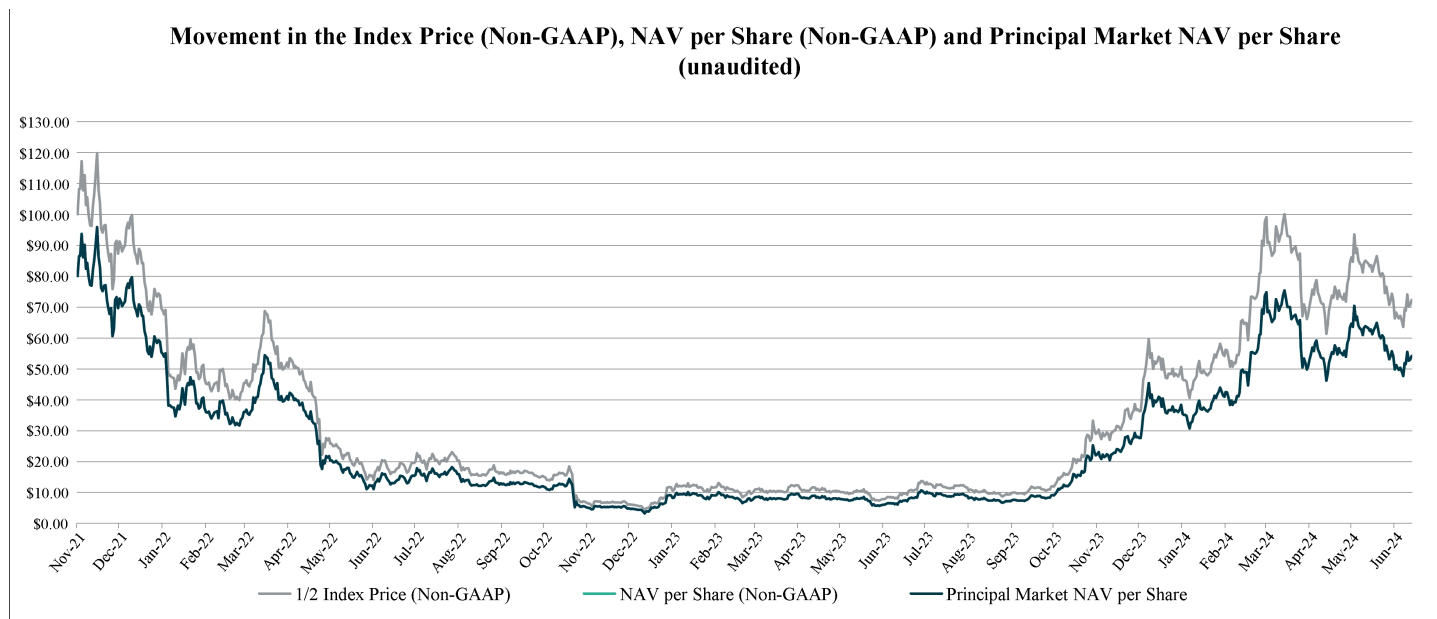

The Trust will pay the Sponsor's Fee to the Sponsor in SOL, Incidental Rights and/or IR Virtual Currency. In addition, the Trust will sell SOL, Incidental Rights and/or IR Virtual Currency to raise the funds needed for the payment of any Additional Trust Expenses or will pay Additional Trust Expenses in SOL, Incidental Rights and/or IR Virtual Currency. The Trust's SOL, Incidental Rights and IR Virtual Currency, and the purchase price received as consideration for such sales of SOL, Incidental Rights and IR Virtual Currency, will be the Trust's sole source of funds to cover the Sponsor's Fee and any Additional Trust Expenses. Because the amount of SOL held by the Trust will decrease when SOL is used to pay the Sponsor's Fee or Additional Trust Expenses or are sold to permit the payment of Additional Trust Expenses, it is expected that the fractional amount of SOL represented by each Share will gradually decrease over the life of the Trust. Accordingly, the shareholders will bear the cost of the Sponsor's Fee and Additional Trust Expenses. New SOL deposited into the Digital Asset Account in exchange for additional new Baskets issued by the Trust will not reverse this trend.

Discretion of the Index Provider

The Index Provider has sole discretion over the determination of Index Price and may change the methodologies for determining the Index Price from time to time.

Solana

Investing in the Shares does not insulate the investor from certain risks, including price volatility. The following chart illustrates the movement in the Trust's NAV per Share (non-GAAP) (as adjusted for the Reverse Share Splits for the periods prior to June 23, 2022 and March 20, 2023) versus the Index Price (non-GAAP) and the Trust's Principal Market NAV per Share (as adjusted for the Reverse Share Splits for periods prior to June 23, 2022 and March 20, 2023) from November 18, 2021 (the inception of the Trust's operations) to June 30, 2024:

For more information on the determination of the Trust's NAV, see "Grayscale Solana Trust (SOL)—Description of the Trust—Valuation of SOL and Determination of NAV" in our Annual Report.

Critical Accounting Policies

Investment Transactions and Revenue Recognition

The Trust considers investment transactions to be the receipt of SOL for Share creations and the delivery of SOL for Share redemptions or for payment of expenses in SOL. At this time, the Trust is not accepting redemption requests from shareholders. The Trust records its investment transactions on a trade date basis and changes in fair value are reflected as net change in unrealized appreciation or depreciation on investments. Realized gains and losses are calculated using the specific identification method. Realized gains and losses are recognized in connection with transactions including settling obligations for the Sponsor's Fee in SOL.

Principal Market and Fair Value Determination

To determine which market is the Trust's principal market (or in the absence of a principal market, the most advantageous market) for purposes of calculating the Trust's net asset value in accordance with U.S. GAAP ("Principal Market NAV"), the Trust follows Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820-10, which outlines the application of fair value accounting. ASC 820-10 determines fair value to be the price that would be received for SOL in a current sale, which assumes an orderly transaction between market participants on the measurement date. ASC 820-10 requires the Trust to assume that SOL is sold in its principal market to market participants or, in the absence of a principal market, the most advantageous market. Market participants are defined as buyers and sellers in the principal or most advantageous market that are independent, knowledgeable, and willing and able to transact.

The Trust only receives SOL in connection with a creation order from the Authorized Participant (or a Liquidity Provider) and does not itself transact on any Digital Asset Markets. Therefore, the Trust looks to market-based volume and level of activity for Digital Asset Markets. The Authorized Participant(s), or a Liquidity Provider, may transact in a Brokered Market, a Dealer Market, Principal-to-Principal Markets and Exchange Markets (referred to as “Trading Platform Markets” in this Quarterly Report), each as defined in the FASB ASC Master Glossary (collectively, “Digital Asset Markets”).

In determining which of the eligible Digital Asset Markets is the Trust’s principal market, the Trust reviews these criteria in the following order:

- First, the Trust reviews a list of Digital Asset Markets that maintain practices and policies designed to comply with anti-money laundering (“AML”) and know-your-customer (“KYC”) regulations, and non-Digital Asset Trading Platform Markets that the Trust reasonably believes are operating in compliance with applicable law, including federal and state licensing requirements, based upon information and assurances provided to it by each market.
- Second, the Trust sorts these Digital Asset Markets from high to low by market-based volume and level of activity of SOL traded on each Digital Asset Market in the trailing twelve months.
- Third, the Trust then reviews pricing fluctuations and the degree of variances in price on Digital Asset Markets to identify any material notable variances that may impact the volume or price information of a particular Digital Asset Market.
- Fourth, the Trust then selects a Digital Asset Market as its principal market based on the highest market-based volume, level of activity and price stability in comparison to the other Digital Asset Markets on the list. Based on information reasonably available to the Trust, Trading Platform Markets have the greatest volume and level of activity for the asset. The Trust therefore looks to accessible Trading Platform Markets as opposed to the Brokered Market, Dealer Market and Principal-to-Principal Markets to determine its principal market. As a result of the aforementioned analysis, a Trading Platform Market has been selected as the Trust’s principal market.

The Trust determines its principal market (or in the absence of a principal market the most advantageous market) annually and conducts a quarterly analysis to determine (i) if there have been recent changes to each Digital Asset Market’s trading volume and level of activity in the trailing twelve months, (ii) if any Digital Asset Markets have developed that the Trust has access to, or (iii) if recent changes to each Digital Asset Market’s price stability have occurred that would materially impact the selection of the principal market and necessitate a change in the Trust’s determination of its principal market.

The cost basis of SOL received in connection with a creation order is recorded by the Trust at the fair value of SOL at 4:00 p.m., New York time, on the creation date for financial reporting purposes. The cost basis recorded by the Trust may differ from proceeds collected by the Authorized Participant from the sale of the corresponding Shares to investors.

Investment Company Considerations

The Trust is an investment company for GAAP purposes and follows accounting and reporting guidance in accordance with the FASB ASC Topic 946, *Financial Services—Investment Companies*. The Trust uses fair value as its method of accounting for SOL in accordance with its classification as an investment company for accounting purposes. The Trust is not a registered investment company under the Investment Company Act of 1940. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates and these differences could be material.

Review of Financial Results (unaudited)

Financial Highlights for the Three and Six Months Ended June 30, 2024 and 2023

(All amounts in the following table and the subsequent paragraphs, except Share, per Share, SOL and price of SOL amounts, are in thousands)

	Three Months Ended June 30,		Six Months Ended June 30,	
	2024	2023	2024	2023
Net realized and unrealized (loss) gain on investment in SOL	\$ (24,245)	\$ (221)	\$ 8,826	\$ 1,068
Net (decrease) increase in net assets resulting from operations	\$ (24,677)	\$ (236)	\$ 8,161	\$ 1,038
Net assets ⁽¹⁾	\$ 68,792	\$ 2,233	\$ 68,792	\$ 2,233

(1) Net assets in the above table and subsequent paragraphs are calculated in accordance with U.S. GAAP based on the Digital Asset Market price of SOL on the Digital Asset Trading Platform that the Trust considered its principal market, as of 4:00 p.m., New York time, on the valuation date.

Net realized and unrealized loss on investment in SOL for the three months ended June 30, 2024 was (\$24,245), which includes a realized gain of \$92 on the transfer of SOL to pay the Sponsor's Fee and net change in unrealized appreciation on investment in SOL of (\$24,337). Net realized and unrealized loss on investment in SOL for the period was driven by SOL price depreciation from \$200.17 per SOL as of March 31, 2024, to \$144.62 per SOL as of June 30, 2024. Net decrease in net assets resulting from operations was (\$24,677) for the three months ended June 30, 2024, which consisted of the net realized and unrealized loss on investment in SOL, plus the Sponsor's Fee of \$432. Net assets decreased to \$68,792 at June 30, 2024, a 13% decrease for the three-month period. The decrease in net assets resulted from the aforementioned SOL price depreciation and the withdrawal of approximately 2,801 SOL to pay the foregoing Sponsor's Fee, partially offset by the contribution of approximately 83,044 SOL with a value of \$14,316 to the Trust in connection with Share creations during the period.

Net realized and unrealized loss on investment in SOL for the three months ended June 30, 2023 was (\$221), which includes a realized loss of (\$80) on the transfer of SOL to pay the Sponsor's Fee and net change in unrealized depreciation on investment in SOL of (\$141). Net realized and unrealized loss on investment in SOL for the period was driven by SOL price depreciation from \$20.98 per SOL as of March 31, 2023, to \$19.09 per SOL as of June 30, 2023. Net decrease in net assets resulting from operations was (\$236) for the three months ended June 30, 2023, which consisted of the net realized and unrealized loss on investment in SOL, plus the Sponsor's Fee of \$15. Net assets decreased to \$2,233 at June 30, 2023, a 10% decrease for the three-month period. The decrease in net assets resulted from the aforementioned SOL price depreciation and the withdrawal of approximately 732 SOL to pay the foregoing Sponsor's Fee.

Net realized and unrealized gain on investment in SOL for the six months ended June 30, 2024 was \$8,826, which includes a realized gain of \$139 on the transfer of SOL to pay the Sponsor's Fee and net change in unrealized appreciation on investment in SOL of \$8,687. Net realized and unrealized gain on investment in SOL for the period was driven by SOL price appreciation from \$104.79 per SOL as of December 31, 2023, to \$144.62 per SOL as of June 30, 2024. Net increase in net assets resulting from operations was \$8,161 for the six months ended June 30, 2024, which consisted of the net realized and unrealized gain on investment in SOL, less the Sponsor's Fee of \$665. Net assets increased to \$68,792 at June 30, 2024, a 173% increase for the six-month period. The increase in net assets resulted from the aforementioned SOL price appreciation and the contribution of approximately 239,902 SOL with a value of \$35,442 to the Trust in connection with Share creations during the period, partially offset by the withdrawal of approximately 4,609 SOL to pay the foregoing Sponsor's Fee.

Net realized and unrealized gain on investment in SOL for the six months ended June 30, 2023 was \$1,068, which includes a realized loss of (\$159) on the transfer of SOL to pay the Sponsor's Fee and net change in unrealized appreciation on investment in SOL of \$1,227. Net realized and unrealized gain on investment in SOL for the period was driven by SOL price appreciation from \$10.09 per SOL as of December 31, 2022, to \$19.09 per SOL as of June 30, 2023. Net increase in net assets resulting from operations was \$1,038 for the six months ended June 30, 2023, which consisted of the net realized and unrealized gain on investment in SOL, less the Sponsor's Fee of \$30. Net assets increased to \$2,233 at June 30, 2023,

an 87% increase for the six-month period. The increase in net assets resulted from the aforementioned SOL price appreciation, partially offset by the withdrawal of approximately 1,459 SOL to pay the foregoing Sponsor's Fee.

Cash Resources and Liquidity

The Trust has not had a cash balance at any time since inception. When selling SOL, Incidental Rights and/or IR Virtual Currency in the Digital Asset Market to pay Additional Trust Expenses on behalf of the Trust, the Sponsor endeavors to sell the exact amount of SOL, Incidental Rights and/or IR Virtual Currency needed to pay expenses in order to minimize the Trust's holdings of assets other than SOL. As a consequence, the Sponsor expects that the Trust will not record any cash flow from its operations and that its cash balance will be zero at the end of each reporting period. Furthermore, the Trust is not a party to any off-balance sheet arrangements.

In exchange for the Sponsor's Fee, the Sponsor has agreed to assume most of the expenses incurred by the Trust. As a result, the only ordinary expense of the Trust during the periods covered by this Quarterly Report was the Sponsor's Fee. The Trust is not aware of any trends, demands, conditions or events that are reasonably likely to result in material changes to its liquidity needs.

Quantitative and Qualitative Disclosures about Market Risk

The Trust Agreement does not authorize the Trust to borrow for payment of the Trust's ordinary expenses. The Trust does not engage in transactions in foreign currencies which could expose the Trust or holders of Shares to any foreign currency related market risk. The Trust does not invest in any derivative financial instruments and has no foreign operations or long-term debt instruments.

(1) Share and per Share amounts for periods presented prior to the Reverse Share Split have been retroactively adjusted for the 1-for-2 Reverse Share Split of the Trust's issued and outstanding Shares completed on March 20, 2023.

(2) The Trust performed an assessment of the principal market at June 30, 2024 and 2023, and identified the principal market as Coinbase.

(3) As of June 30, 2024 and 2023, the Principal Market NAV per Share (rounded to the nearest penny) was calculated using the fair value of SOL based on the price provided by Coinbase, the Digital Asset Trading Platform that the Trust considered its principal market, as of 4:00 p.m., New York time, on the valuation date. Prior to March 8, 2024, Principal Market NAV was referred to as NAV and Principal Market NAV per Share was referred to as NAV per Share.

(4) The Trust's NAV per Share (rounded to the nearest penny) is derived from the Index Price, as represented by the Index as of 4:00 p.m., New York time, on the valuation date. See "Grayscale Solana Trust (SOL)—The Index and the Index Price" in our Annual Report for a description of how the Index Price is calculated. The Trust's NAV per Share is calculated using a non-GAAP methodology where the price is derived from multiple Digital Asset Trading Platforms. Prior to March 8, 2024, NAV was referred to as Digital Asset Holdings and NAV per Share was referred to as Digital Asset Holdings per Share. See the section entitled "Grayscale Solana Trust (SOL)—Description of the Trust—Valuation of SOL and Determination of NAV" in our Annual Report for a description of the Trust's NAV per Share. The Digital Asset Trading Platforms included in the Index as of June 30, 2024 and 2023 were Coinbase, LMAX Digital, and Kraken.

For accounting purposes, the Trust reflects creations and the SOL receivable with respect to such creations on the date of receipt of a notification of a creation but does not issue Shares until the requisite amount of SOL is received. At this time, the Trust is not accepting redemption requests from shareholders. Subject to receipt of regulatory approval from the SEC and approval by the Sponsor in its sole discretion, the Trust may in the future operate a redemption program. The Trust currently has no intention of seeking regulatory approval to operate an ongoing redemption program.

As of June 30, 2024, the Trust had a net closing balance with a value of \$68,772,986, based on the Index Price (non-GAAP methodology). As of June 30, 2024, the Trust had a total market value of \$68,792,014, based on the Digital Asset Market price of SOL on the Trust's principal market (Coinbase).

As of June 30, 2023, the Trust had a net closing balance with a value of \$2,235,034, based on the Index Price (non-GAAP methodology). As of June 30, 2023, the Trust had a total market value of \$2,232,695, based on the Digital Asset Market price of SOL on the Trust's principal market (Coinbase).

Historical SOL Prices

As movements in the price of SOL will directly affect the price of the Shares, investors should understand recent movements in the price of SOL. Investors, however, should also be aware that past movements in the SOL price are not indicators of future movements. Movements may be influenced by various factors, including, but not limited to, government regulation, security breaches experienced by service providers, as well as political and economic uncertainties around the world.

During the period from November 18, 2021 (the inception of the Trust's operations) to June 30, 2024, the Digital Asset Market price of SOL, based on the price reported by the Trust's principal market as of 4:00 p.m., New York time, traded between \$8.29 (December 29, 2022) and \$239.94 (December 2, 2021), the straight average was \$68.67, and the median was \$39.04. The average, high, low and end-of-period SOL prices for the twelve months ended June 30, 2023, the twelve months ended June 30, 2024, and the period from November 18, 2021 (the inception of the Trust's operations) to June 30, 2024, based on the price reported by the Trust's principal market as of 4:00 p.m., New York time, on the applicable dates were:

Period	Average	High		Low		End of period	Last business day
		Digital Asset Market Price	Date	Digital Asset Market Price	Date		
Twelve months ended June 30, 2023	\$ 24.73	\$ 46.33	8/13/2022	\$ 8.29	12/29/2022	\$ 19.09	\$ 19.09
Twelve months ended June 30, 2024	\$ 88.04	\$ 200.17	3/31/2024	\$ 17.51	9/11/2023	\$ 144.62	\$ 140.67
November 18, 2021 (the inception of the Trust's operations) to June 30, 2024	\$ 68.67	\$ 239.94	12/2/2021	\$ 8.29	12/29/2022	\$ 144.62	\$ 140.67

Item 5. Legal proceedings.

The Sponsor and an affiliate of the Trust, Grayscale Bitcoin Trust (BTC) ("Grayscale Bitcoin Trust"), are currently parties to certain legal proceedings. Although the Trust is not a party to these proceedings, the Trust may in the future be subject to legal proceedings or disputes.

On January 30, 2023, Osprey Funds, LLC ("Osprey") filed a suit in Connecticut Superior Court against the Sponsor alleging that statements the Sponsor made in its advertising and promotion of Grayscale Bitcoin Trust violated the Connecticut Unfair Trade Practices Act, and seeking statutory damages and injunctive relief. On April 17, 2023, the Sponsor filed a motion to dismiss the complaint and, following briefing, a hearing on the motion to dismiss was held on June 26, 2023. On October 23, 2023, the Court denied the Sponsor's motion to dismiss. On November 6, 2023, the Sponsor filed a motion for reargument of the Court's order denying the Sponsor's motion to dismiss. On November 16, 2023, Osprey filed an opposition to the Sponsor's motion for reargument, and on November 30, 2023, the Sponsor filed a reply in further support of its motion for reargument. On March 11, 2024, the Court denied the Sponsor's motion for reargument. On March 25, 2024, the Sponsor filed an application for interlocutory appeal. On March 28, 2024, Osprey filed an opposition to the Sponsor's application for interlocutory appeal. On April 1, 2024, the Court denied the Sponsor's application for interlocutory appeal. On April 10, 2024, Osprey filed a motion to amend the complaint. The amended complaint went into effect on April 25, 2024. A scheduling order was entered by the Court with trial scheduled to begin on July 15, 2025. The Sponsor and Grayscale Bitcoin Trust believe this lawsuit is without merit and intend to vigorously defend against it.

As of the date of this Quarterly Report, the Sponsor does not expect the foregoing proceedings to have a material adverse effect on the Trust's business, financial condition or results of operations.

The Sponsor and/or the Trust may be subject to additional legal proceedings and disputes in the future.

Item 6. Defaults upon senior securities.

None.

Item 7. Other information.

The risk factors included in our Annual Report continue to apply to us and describe risks and uncertainties that could cause actual results to differ materially from the results expressed or implied by the forward-looking statements contained in this Quarterly Report. In addition to such risk factors, investors should consider carefully the risks described in our Annual Report before making an investment decision.

Item 8. Exhibits.

Exhibit 1 Unaudited Interim Financial Statements - June 30, 2024.

Item 9. Issuer's certifications.

Certification

I, Edward McGee, certify that:

1. I have reviewed the Quarterly Report, exhibits, and all notes thereto of Grayscale Solana Trust (SOL);
2. Based on my knowledge, this Quarterly Report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this Quarterly Report; and
3. Based on my knowledge, the financial statements, and other financial information included or incorporated by reference in this Quarterly Report, fairly present in all material respects the financial condition, results of operations and cash flows of the issuer as of, and for, the periods presented in this Quarterly Report.

Dated: August 9, 2024

See accompanying notes to unaudited financial statements.

Grayscale Solana Trust (SOL)
Notes to Unaudited Financial Statements

1. Organization

Grayscale Solana Trust (SOL) (the “Trust”) is a Delaware Statutory Trust that was formed on November 9, 2021 and commenced operations on November 18, 2021. In general, the Trust holds Solana (“SOL”) and, from time to time, issues common units of fractional undivided beneficial interest (“Shares”) (in minimum baskets of 100 Shares, referred to as “Baskets”) in exchange for SOL. The redemption of Shares is not currently contemplated and the Trust does not currently operate a redemption program. Subject to receipt of regulatory approval and approval by the Sponsor in its sole discretion, the Trust may in the future operate a redemption program. The Trust currently has no intention of seeking regulatory approval to operate an ongoing redemption program. The Trust’s investment objective is for the value of the Shares (based on SOL per Share) to reflect the value of SOL held by the Trust, less the Trust’s expenses and other liabilities. The Trust may also receive Incidental Rights and/or IR Virtual Currency as a result of the Trust’s investment in SOL, in accordance with the terms of the Trust Agreement.

Incidental Rights are rights to claim, or otherwise establish dominion and control over, any virtual currency or other asset or right, which rights are incident to the Trust’s ownership of SOL and arise without any action of the Trust, or of the Sponsor or Trustee on behalf of the Trust; IR Virtual Currency is any virtual currency tokens, or other asset or right, received by the Trust through the exercise (subject to the applicable provisions of the Trust Agreement) of any Incidental Right.

Grayscale Investments, LLC (“Grayscale” or the “Sponsor”) acts as the Sponsor of the Trust and is a wholly owned subsidiary of Digital Currency Group, Inc. (“DCG”). The Sponsor is responsible for the day-to-day administration of the Trust pursuant to the provisions of the Trust Agreement. Grayscale is responsible for preparing and providing annual and quarterly reports on behalf of the Trust to investors and is also responsible for selecting and monitoring the Trust’s service providers. As partial consideration for the Sponsor’s services, the Trust pays Grayscale a Sponsor’s Fee as discussed in Note 6. The Sponsor also acts as the sponsor and manager of other investment products including Grayscale Basic Attention Token Trust (BAT) (OTCQB: GBAT), Grayscale Bitcoin Trust (BTC) (NYSE Arca: GBTC), Grayscale Bitcoin Cash Trust (BCH) (OTCQX: BCHG), Grayscale Bitcoin Mini Trust (BTC) (NYSE Arca: BTC), Grayscale Bittensor Trust (TAO), Grayscale Chainlink Trust (LINK) (OTCQX: GLNK), Grayscale Decentraland Trust (MANA) (OTCQX: MANA), Grayscale Ethereum Trust (ETH) (NYSE Arca: ETHE), Grayscale Ethereum Classic Trust (ETC) (OTCQX: ETCG), Grayscale Ethereum Mini Trust (ETH) (NYSE Arca: ETH), Grayscale Filecoin Trust (FIL) (OTCQB: FILG), Grayscale Horizen Trust (ZEN) (OTCQX: HZEN), Grayscale Litecoin Trust (LTC) (OTCQX: LTCN), Grayscale Livepeer Trust (LPT) (OTCQX: GLIV), Grayscale NEAR Trust (NEAR), Grayscale Stacks Trust (STX), Grayscale Stellar Lumens Trust (XLM) (OTCQX: GXLM), Grayscale Sui Trust (SUI), Grayscale Zcash Trust (ZEC) (OTCQX: ZCSH), Grayscale Decentralized AI Fund LLC, Grayscale Decentralized Finance (DeFi) Fund LLC (OTCQB: DEFG), Grayscale Digital Large Cap Fund LLC (OTCQX: GDLC), and Grayscale Smart Contract Platform Ex Ethereum (ETH) Fund LLC, each of which is an affiliate of the Trust. The following investment products sponsored or managed by the Sponsor are SEC reporting companies with their shares registered pursuant to Section 12(g) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”): Grayscale Bitcoin Cash Trust (BCH), Grayscale Ethereum Classic Trust (ETC), Grayscale Horizen Trust (ZEN), Grayscale Litecoin Trust (LTC), Grayscale Stellar Lumens Trust (XLM), Grayscale Zcash Trust (ZEC) and Grayscale Digital Large Cap Fund LLC. The following investment products sponsored by the Sponsor are SEC reporting companies with their shares registered pursuant to Section 12(b) of the Exchange Act: Grayscale Bitcoin Trust (BTC), Grayscale Ethereum Trust (ETH) (as of July 23, 2024), Grayscale Ethereum Mini Trust (ETH) (as of July 23, 2024), and Grayscale Bitcoin Mini Trust (BTC) (as of July 31, 2024). Grayscale Advisors, LLC, a Registered Investment Advisor and an affiliate of the Sponsor, is the advisor to the Grayscale Future of Finance (NYSE Arca: GFOF) product.

Authorized Participants of the Trust are the only entities who may place orders to create or, if permitted, redeem Baskets. Grayscale Securities, LLC (“Grayscale Securities” or, in such capacity, an “Authorized Participant”), a registered broker-dealer and wholly owned subsidiary of the Sponsor, is the only Authorized Participant, and is party to a participant agreement with the Sponsor and the Trust. Additional Authorized Participants may be added at any time, subject to the discretion of the Sponsor. Liquidity Providers who are unaffiliated with the Trust may be engaged from time to time and at any time.

Grayscale Solana Trust (SOL)
Notes to Unaudited Financial Statements

1. Organization (continued)

The custodian of the Trust is Coinbase Custody Trust Company, LLC (the “Custodian”), a third-party service provider. The Custodian is responsible for safeguarding the SOL, Incidental Rights, and IR Virtual Currency held by the Trust, and holding the private key(s) that provide access to the Trust’s digital wallets and vaults.

The transfer agent for the Trust (the “Transfer Agent”) is Continental Stock Transfer & Trust Company. The responsibilities of the Transfer Agent are to maintain creations, redemptions, transfers, and distributions of the Trust’s Shares which are primarily held in book-entry form.

On March 20, 2023, the Trust completed a 1-for-2 Reverse Share Split of the Trust’s issued and outstanding Shares. Each shareholder of record as of the close of business on March 15, 2023, received one Share for every two Shares of the Trust held. The number of outstanding Shares and per-Share amounts disclosed for all periods presented, throughout this Quarterly Report, have been retroactively adjusted to reflect the effects of the Reverse Share Splits.

On April 17, 2023, the Trust received notice that its Shares were qualified for public trading on the OTCQB U.S. Market (“OTCQB”) of OTC Markets Group Inc. On March 7, 2024, the Trust qualified to trade on the OTCQX Best Market® (“OTCQX”) of OTC Markets Group Inc. The Trust’s trading symbol on OTCQX is “GSOL” and the CUSIP number for its Shares is 38963V106.

2. Summary of Significant Accounting Policies

In the opinion of management of the Sponsor of the Trust, all adjustments (which include normal recurring adjustments) necessary to present fairly the financial position as of June 30, 2024 and December 31, 2023, and results of operations for the three and six months ended June 30, 2024 and 2023, have been made. The results of operations for the periods presented are not necessarily indicative of the results of operations expected for the full year. These unaudited financial statements should be read in conjunction with the audited financial statements for the year ended December 31, 2023 included in the Trust’s Annual Report.

The following is a summary of significant accounting policies followed by the Trust:

The financial statements have been prepared in accordance with generally accepted accounting principles in the United States (“GAAP”). The Trust qualifies as an investment company for accounting purposes pursuant to the accounting and reporting guidance under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 946, *Financial Services—Investment Companies*. The Trust uses fair value as its method of accounting for SOL in accordance with its classification as an investment company for accounting purposes. The Trust is not a registered investment company under the Investment Company Act of 1940. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates and these differences could be material.

The Trust conducts its transactions in SOL, including receiving SOL for the creation of Shares and delivering SOL for the redemption of Shares and for the payment of the Sponsor’s Fee. At this time, the Trust is not accepting redemption requests from shareholders. Since its inception, the Trust has not held cash or cash equivalents.

Grayscale Solana Trust (SOL)
Notes to Unaudited Financial Statements

2. Summary of Significant Accounting Policies (continued)

Principal Market and Fair Value Determination

To determine which market is the Trust's principal market (or in the absence of a principal market, the most advantageous market) for purposes of calculating the Trust's net asset value in accordance with U.S. GAAP ("Principal Market NAV"), the Trust follows ASC 820-10, which outlines the application of fair value accounting. ASC 820-10 determines fair value to be the price that would be received for SOL in a current sale, which assumes an orderly transaction between market participants on the measurement date. ASC 820-10 requires the Trust to assume that SOL is sold in its principal market to market participants or, in the absence of a principal market, the most advantageous market. Market participants are defined as buyers and sellers in the principal or most advantageous market that are independent, knowledgeable, and willing and able to transact.

The Trust only receives SOL in connection with a creation order from the Authorized Participant (or a Liquidity Provider) and does not itself transact on any Digital Asset Markets. Therefore, the Trust looks to market-based volume and level of activity for Digital Asset Markets. The Authorized Participant(s), or a Liquidity Provider, may transact in a Brokered Market, a Dealer Market, Principal-to-Principal Markets and Exchange Markets (referred to as "Trading Platform Markets" in this Quarterly Report), each as defined in the FASB ASC Master Glossary (collectively, "Digital Asset Markets").

In determining which of the eligible Digital Asset Markets is the Trust's principal market, the Trust reviews these criteria in the following order:

First, the Trust reviews a list of Digital Asset Markets that maintain practices and policies designed to comply with anti-money laundering ("AML") and know-your-customer ("KYC") regulations, and non-Digital Asset Trading Platform Markets that the Trust reasonably believes are operating in compliance with applicable law, including federal and state licensing requirements, based upon information and assurances provided to it by each market.

Second, the Trust sorts these Digital Asset Markets from high to low by market-based volume and level of activity of SOL traded on each Digital Asset Market in the trailing twelve months.

Third, the Trust then reviews pricing fluctuations and the degree of variances in price on Digital Asset Markets to identify any material notable variances that may impact the volume or price information of a particular Digital Asset Market.

Fourth, the Trust then selects a Digital Asset Market as its principal market based on the highest market-based volume, level of activity and price stability in comparison to the other Digital Asset Markets on the list. Based on information reasonably available to the Trust, Trading Platform Markets have the greatest volume and level of activity for the asset. The Trust therefore looks to accessible Trading Platform Markets as opposed to the Brokered Market, Dealer Market and Principal-to-Principal Markets to determine its principal market. As a result of the aforementioned analysis, a Trading Platform Market has been selected as the Trust's principal market.

The Trust determines its principal market (or in the absence of a principal market the most advantageous market) annually and conducts a quarterly analysis to determine (i) if there have been recent changes to each Digital Asset Market's trading volume and level of activity in the trailing twelve months, (ii) if any Digital Asset Markets have developed that the Trust has access to, or (iii) if recent changes to each Digital Asset Market's price stability have occurred that would materially impact the selection of the principal market and necessitate a change in the Trust's determination of its principal market.

The cost basis of SOL received in connection with a creation order is recorded by the Trust at the fair value of SOL at 4:00 p.m., New York time, on the creation date for financial reporting purposes. The cost basis recorded by the Trust may differ from proceeds collected by the Authorized Participant from the sale of the corresponding Shares to investors.

Grayscale Solana Trust (SOL)
Notes to Unaudited Financial Statements

2. Summary of Significant Accounting Policies (continued)

Investment Transactions and Revenue Recognition

The Trust considers investment transactions to be the receipt of SOL for Share creations and the delivery of SOL for Share redemptions or for payment of expenses in SOL. At this time, the Trust is not accepting redemption requests from shareholders. The Trust records its investment transactions on a trade date basis and changes in fair value are reflected as net change in unrealized appreciation or depreciation on investments. Realized gains and losses are calculated using the specific identification method. Realized gains and losses are recognized in connection with transactions including settling obligations for the Sponsor's Fee in SOL.

Fair Value Measurement

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the 'exit price') in an orderly transaction between market participants at the measurement date.

GAAP utilizes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Trust. Unobservable inputs reflect the Trust's assumptions about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The fair value hierarchy is categorized into three levels based on the inputs as follows:

- Level 1 – Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Trust has the ability to access. Since valuations are based on quoted prices that are readily and regularly available in an active market, these valuations do not entail a significant degree of judgment.
- Level 2 – Valuations based on quoted prices in markets that are not active or for which significant inputs are observable, either directly or indirectly.
- Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The availability of valuation techniques and observable inputs can vary by investment. To the extent that valuations are based on sources that are less observable or unobservable in the market, the determination of fair value requires more judgment. Fair value estimates do not necessarily represent the amounts that may be ultimately realized by the Trust.

		Fair Value Measurement Using		
		Level 1	Level 2	Level 3
		Amount at Fair Value		
June 30, 2024				
Assets				
Investment in SOL	\$ 68,792,014	\$ 68,792,014	\$ -	\$ -
December 31, 2023				
Assets				
Investment in SOL	\$ 25,189,559	\$ 25,189,559	\$ -	\$ -

Grayscale Solana Trust (SOL)
Notes to Unaudited Financial Statements

2. Summary of Significant Accounting Policies (continued)

Recently Issued Accounting Pronouncements

In December 2023, the FASB issued Accounting Standards Update (“ASU”) 2023-08, Intangibles—Goodwill and Other—Crypto Assets (Subtopic 350-60): Accounting for and Disclosure of Crypto Assets (“ASU 2023-08”). ASU 2023-08 is intended to improve the accounting for certain crypto assets by requiring an entity to measure those crypto assets at fair value each reporting period with changes in fair value recognized in net income. The amendments also improve the information provided to investors about an entity’s crypto asset holdings by requiring disclosure about significant holdings, contractual sale restrictions, and changes during the reporting period. ASU 2023-08 is effective for annual and interim reporting periods beginning after December 15, 2024. Early adoption is permitted for both interim and annual financial statements that have not yet been issued. The Trust adopted this new guidance on January 1, 2024, with no material impact on its financial statements and disclosures as the Trust historically used fair value as its method of accounting for SOL in accordance with its classification as an investment company for accounting purposes.

3. Fair Value of SOL

SOL is held by the Custodian on behalf of the Trust and is carried at fair value. As of June 30, 2024 and December 31, 2023, the Trust held 475,674.27374939 and 240,381.32738679 SOL, respectively.

The Trust determined the fair value per SOL to be \$144.62 and \$104.79 on June 30, 2024 and December 31, 2023, respectively, using the price provided at 4:00 p.m., New York time, by the Digital Asset Trading Platform Market considered to be the Trust’s principal market (Coinbase).

The following represents the changes in quantity of SOL and the respective fair value:

	Quantity	Fair Value
Balance at December 31, 2022	118,415.28927248	\$ 1,194,810
SOL contributed	125,094.35983579	8,999,780
SOL distributed for Sponsor’s Fee, related party	(3,128.32172148)	(102,656)
Net change in unrealized appreciation on investment in SOL	-	15,387,214
Net realized loss on investment in SOL	-	(289,589)
Balance at December 31, 2023	240,381.32738679	\$ 25,189,559
SOL contributed	239,902.01562557	35,441,342
SOL distributed for Sponsor’s Fee, related party	(4,609.06926297)	(664,932)
Net change in unrealized appreciation on investment in SOL	-	8,686,852
Net realized gain on investment in SOL	-	139,193
Balance at June 30, 2024	475,674.27374939	\$ 68,792,014

4. Creations and Redemptions of Shares

At June 30, 2024 and December 31, 2023, there were an unlimited number of Shares authorized by the Trust. The Trust creates (and, should the Trust commence a redemption program, redeems) Shares from time to time, but only in one or more Baskets. The creation and redemption of Baskets on behalf of investors are made by the Authorized Participant in exchange for the delivery of SOL to the Trust or the distribution of SOL by the Trust. The amount of SOL required for each creation Basket or redemption Basket is determined by dividing (x) the amount of SOL owned by the Trust at 4:00 p.m., New York time, on such trade date of a creation or redemption order, after deducting the amount of SOL representing the U.S. dollar value of accrued but unpaid fees and expenses of the Trust, by (y) the number of Shares outstanding at such time and multiplying the quotient obtained by 100. Each Share represented approximately 0.3747 and 0.3794 of one SOL at June 30, 2024 and December 31, 2023, respectively. The decrease in the amount of SOL represented by each Share is primarily a result of the periodic withdrawal of SOL to pay the Sponsor’s Fee.

Grayscale Solana Trust (SOL)
Notes to Unaudited Financial Statements

4. Creations and Redemptions of Shares (continued)

The cost basis of investments in SOL recorded by the Trust is the fair value of SOL, as determined by the Trust, at 4:00 p.m., New York time, on the date of transfer to the Trust by the Authorized Participant, or Liquidity Provider, based on the creation Baskets. The cost basis recorded by the Trust may differ from proceeds collected by the Authorized Participant from the sale of each Share to investors. The Authorized Participant or Liquidity Provider may realize significant profits buying, selling, creating, and, if permitted, redeeming Shares as a result of changes in the value of Shares or SOL.

At this time, the Trust is not operating a redemption program and is not accepting redemption requests. Subject to receipt of regulatory approval and approval by the Sponsor in its sole discretion, the Trust may in the future operate a redemption program. The Trust currently has no intention of seeking regulatory approval to operate an ongoing redemption program.

5. Income Taxes

The Sponsor takes the position that the Trust is properly treated as a grantor trust for U.S. federal income tax purposes. Assuming that the Trust is a grantor trust, the Trust will not be subject to U.S. federal income tax. Rather, if the Trust is a grantor trust, each beneficial owner of Shares will be treated as directly owning its pro rata Share of the Trust's assets and a pro rata portion of the Trust's income, gain, losses and deductions will "flow through" to each beneficial owner of Shares.

If the Trust were not properly classified as a grantor trust, the Trust might be classified as a partnership for U.S. federal income tax purposes. However, due to the uncertain treatment of digital assets, including forks, airdrops and similar occurrences for U.S. federal income tax purposes, there can be no assurance in this regard. If the Trust were classified as a partnership for U.S. federal income tax purposes, the tax consequences of owning Shares generally would not be materially different from the tax consequences described herein, although there might be certain differences, including with respect to timing. In addition, tax information reports provided to beneficial owners of Shares would be made in a different form. If the Trust were not classified as either a grantor trust or a partnership for U.S. federal income tax purposes, it would be classified as a corporation for such purposes. In that event, the Trust would be subject to entity-level U.S. federal income tax (currently at the rate of 21%) on its net taxable income and certain distributions made by the Trust to shareholders would be treated as taxable dividends to the extent of the Trust's current and accumulated earnings and profits.

In accordance with GAAP, the Trust has defined the threshold for recognizing the benefits of tax return positions in the financial statements as "more-likely-than-not" to be sustained by the applicable taxing authority and requires measurement of a tax position meeting the "more-likely-than-not" threshold, based on the largest benefit that is more than 50% likely to be realized. Tax positions not deemed to meet the "more-likely-than-not" threshold are recorded as a tax benefit or expense in the current period. As of, and during the periods ended June 30, 2024 and December 31, 2023, the Trust did not have a liability for any unrecognized tax amounts. However, the Sponsor's conclusions concerning its determination of "more-likely-than-not" tax positions may be subject to review and adjustment at a later date based on factors including, but not limited to, further implementation guidance, and ongoing analyses of and changes to tax laws, regulations and interpretations thereof.

The Sponsor of the Trust has evaluated whether or not there are uncertain tax positions that require financial statement recognition and has determined that no reserves for uncertain tax positions related to federal, state and local income taxes existed as of June 30, 2024 or December 31, 2023.

6. Related Parties

The Trust considered the following entities, their directors, and certain employees to be related parties of the Trust as of June 30, 2024: DCG, Genesis, Grayscale, and Grayscale Securities. As of June 30, 2024 and December 31, 2023, 23,584 and 26,867 Shares of the Trust were held by related parties of the Trust, respectively.

The Sponsor's parent, an affiliate of the Trust, holds a minority interest in Coinbase, Inc., the parent company of the Custodian, that represents less than 1.0% of Coinbase, Inc.'s ownership.

Grayscale Solana Trust (SOL)
Notes to Unaudited Financial Statements

6. Related Parties (continued)

In accordance with the Trust Agreement governing the Trust, the Trust pays a fee to the Sponsor, calculated as 2.5% of the aggregate value of the Trust's assets, less its liabilities (which include any accrued but unpaid expenses up to, but excluding, the date of calculation), as calculated and published by the Sponsor or its delegates in the manner set forth in the Trust Agreement (the "Sponsor's Fee"). The Sponsor's Fee accrues daily in U.S. dollars and is payable in SOL, monthly in arrears. The amount of SOL payable in respect of each daily U.S. dollar accrual will be determined by reference to the same U.S. dollar value of SOL used to determine such accrual. For purposes of these financial statements, the U.S. dollar value of SOL is determined by reference to the Digital Asset Trading Platform Market that the Trust considers its principal market as of 4:00 p.m., New York time, on each valuation date. The Trust held no Incidental Rights or IR Virtual Currency as of June 30, 2024 and December 31, 2023. No Incidental Rights or IR Virtual Currencies have been distributed in payment of the Sponsor's Fee during the three and six months ended June 30, 2024 and 2023.

As partial consideration for receipt of the Sponsor's Fee, the Sponsor is obligated under the Trust Agreement to assume and pay all fees and other expenses incurred by the Trust in the ordinary course of its affairs, excluding taxes, but including marketing fees; administrator fees, if any; custodian fees; transfer agent fees; trustee fees; the fees and expenses related to the listing, quotation or trading of the Shares on any secondary market (including customary legal, marketing and audit fees and expenses) in an amount up to \$600,000 in any given fiscal year; ordinary course legal fees and expenses; audit fees; regulatory fees, including, if applicable, any fees relating to the registration of the Shares under the Securities Act or the Exchange Act; printing and mailing costs; the costs of maintaining the Trust's website and applicable license fees (together, the "Sponsor-paid Expenses"), provided that any expense that qualifies as an Additional Trust Expense will be deemed to be an Additional Trust Expense and not a Sponsor-paid Expense.

The Trust may incur certain extraordinary, non-recurring expenses that are not Sponsor-paid Expenses, including, but not limited to, taxes and governmental charges, expenses and costs of any extraordinary services performed by the Sponsor (or any other service provider) on behalf of the Trust to protect the Trust or the interests of shareholders (including in connection with any Incidental Rights and any IR Virtual Currency), any indemnification of the Custodian or other agents, service providers or counterparties of the Trust, the fees and expenses related to the listing, quotation or trading of the Shares on any secondary market (including legal, marketing and audit fees and expenses) to the extent exceeding \$600,000 in any given fiscal year and extraordinary legal fees and expenses, including any legal fees and expenses incurred in connection with litigation, regulatory enforcement or investigation matters (collectively, "Additional Trust Expenses"). In such circumstances, the Sponsor or its delegate (i) will instruct the Custodian to withdraw from the Digital Asset Account SOL, Incidental Rights and/or IR Virtual Currency in such quantity as may be necessary to permit payment of such Additional Trust Expenses and (ii) may either (x) cause the Trust (or its delegate) to convert such SOL, Incidental Rights and/or IR Virtual Currency into U.S. dollars or other fiat currencies at the Actual Exchange Rate or (y) when the Sponsor incurs such expenses on behalf of the Trust, cause the Trust (or its delegate) to deliver such SOL, Incidental Rights and/or IR Virtual Currency in kind to the Sponsor, in each case in such quantity as may be necessary to permit payment of such Additional Trust Expenses.

For the three months ended June 30, 2024 and 2023, the Trust incurred Sponsor's Fees of \$432,203 and \$14,719, respectively. For the six months ended June 30, 2024 and 2023, the Trust incurred Sponsor's Fees of \$664,932 and \$30,081, respectively. As of June 30, 2024 and December 31, 2023, there were no accrued and unpaid Sponsor's Fees. In addition, the Sponsor may pay Additional Trust Expenses on behalf of the Trust, which are reimbursable by the Trust to the Sponsor. For the three and six months ended June 30, 2024 and 2023, the Sponsor did not pay any Additional Trust Expenses on behalf of the Trust.

Grayscale Solana Trust (SOL)
Notes to Unaudited Financial Statements

7. Risks and Uncertainties

The Trust is subject to various risks including market risk, liquidity risk, and other risks related to its concentration in a single asset, SOL. Investing in SOL is currently highly speculative and volatile.

The Principal Market NAV of the Trust, calculated by reference to the principal market price in accordance with U.S. GAAP, relates primarily to the value of SOL held by the Trust, and fluctuations in the price of SOL could materially and adversely affect an investment in the Shares of the Trust. The price of SOL has a limited history. During such history, SOL prices have been volatile and subject to influence by many factors, including the levels of liquidity. If the Digital Asset Markets continue to experience significant price fluctuations, the Trust may experience losses. Several factors may affect the price of SOL, including, but not limited to, global SOL supply and demand, theft of SOL from global trading platforms or vaults, competition from other forms of digital currency or payment services, global or regional political, economic or financial conditions, and other unforeseen events and situations.

The SOL held by the Trust are commingled, and the Trust's shareholders have no specific rights to any specific SOL. In the event of the insolvency of the Trust, its assets may be inadequate to satisfy a claim by its shareholders.

There is currently no clearing house for SOL, nor is there a central or major depository for the custody of SOL. There is a risk that some or all of the Trust's SOL could be lost or stolen. There can be no assurance that the Custodian will maintain adequate insurance or that such coverage will cover losses with respect to the Trust's SOL. Further, transactions in SOL are irrevocable. Stolen or incorrectly transferred SOL may be irretrievable. As a result, any incorrectly executed SOL transactions could adversely affect an investment in the Shares.

The SEC has stated that certain digital assets may be considered "securities" under the federal securities laws. The test for determining whether a particular digital asset is a "security" is complex and difficult to apply, and the outcome is difficult to predict. Public, though non-binding, statements by senior officials at the SEC have indicated that the SEC did not consider Bitcoin or Ether to be securities, and does not currently consider Bitcoin to be a security. The SEC staff has also provided informal assurances via no-action letter to a handful of promoters that their digital assets are not securities. On the other hand, the SEC has brought enforcement actions against the issuers and promoters of several other digital assets on the basis that the digital assets in question are securities. In June 2023, the SEC brought charges against the Digital Asset Trading Platforms Binance and Coinbase for alleged violations of a variety of securities laws. In November 2023, the SEC brought charges against the Digital Asset Trading Platform Kraken for alleged violations of a variety of securities laws. In these complaints, the SEC asserted that SOL is a security under the federal securities laws.

If SOL is determined to be a "security" under federal or state securities laws by the SEC or any other agency, or in a proceeding in a court of law or otherwise, it may have material adverse consequences for SOL. For example, it may become more difficult for SOL to be traded, cleared and custodied as compared to other digital assets that are not considered to be securities, which could, in turn, negatively affect the liquidity and general acceptance of SOL and cause users to migrate to other digital assets. As such, any determination that SOL is a security under federal or state securities laws may adversely affect the value of SOL and, as a result, an investment in the Shares.

In addition, if SOL is in fact a security, the Trust could be considered an unregistered "investment company" under the Investment Company Act of 1940, which could necessitate the Trust's liquidation. In this case, the Trust and the Sponsor may be deemed to have participated in an illegal offering of securities and there is no guarantee that the Sponsor will be able to register the Trust under the Investment Company Act of 1940 at such time, or take such other actions as may be necessary to ensure the Trust's activities comply with applicable law, which could force the Sponsor to liquidate the Trust.

As with any computer network, digital asset networks are vulnerable to various kinds of attacks and disruptions. For example, on September 14, 2021, the Solana Network experienced a significant disruption, later attributed to a type of denial of service attack, and was offline for 17 hours, only returning to full functionality 24 hours later. While persons associated with Solana Labs and/or the Solana Foundation are understood to have played a key role in bringing the network back online, the broader community also played a key role, as Solana validators coordinated to upgrade and restart the network. The Solana Network has been subject to multiple similar outages throughout its history. Any such similar outages in the future could have a material adverse effect on the value of SOL and an investment in the Shares.

7. Risks and Uncertainties (continued)

Furthermore, like any smart contract platform that utilizes bridge technology, digital assets transferred to or from other blockchains are vulnerable to certain types of exploits. For example, on February 3, 2022, hackers were able to manipulate the Wormhole bridge smart contract code which enables the transfer of certain digital assets to the Solana Network, to divert approximately 120,000 Ethereum (“ETH”) from the Wormhole bridge to the attacker’s Ethereum wallet. While Jump Crypto, the creators of the Wormhole bridge, replenished the stolen ETH, effectively backstopping user losses, they or other creators may not be able to do so again in the future. The development of bridges on the Solana Network is ongoing and further attacks on bridges compatible with the Solana Network could have a material adverse effect on the value of SOL and an investment in the Shares.

To the extent a private key required to access a SOL address is lost, destroyed or otherwise compromised and no backup of the private keys are accessible, the Trust may be unable to access the SOL controlled by the private key and the private key will not be capable of being restored by the Solana Network. The processes by which SOL transactions are settled are dependent on the SOL peer-to-peer network, and as such, the Trust is subject to operational risk. A risk also exists with respect to previously unknown technical vulnerabilities, which may adversely affect the value of SOL.

The Trust relies on third-party service providers to perform certain functions essential to its operations. Any disruptions to the Trust’s service providers’ business operations resulting from business failures, financial instability, security failures, government mandated regulation or operational problems could have an adverse impact on the Trust’s ability to access critical services and be disruptive to the operations of the Trust.

The Sponsor and the Trust may be subject to various litigation, regulatory investigations, and other legal proceedings that arise in the ordinary course of its business.

8. Financial Highlights Per Share Performance

	Three Months Ended June 30,		Six Months Ended June 30,	
	2024	2023	2024	2023
Per Share Data:				
Principal market net asset value, beginning of period	\$ 75.47	\$ 8.11	\$ 39.75	\$ 3.92
Net (decrease) increase in net assets from investment operations:				
Net investment loss	(0.36)	(0.05)	(0.68)	(0.10)
Net realized and unrealized (loss) gain	(20.92)	(0.73)	15.12	3.51
Net (decrease) increase in net assets resulting from operations	(21.28)	(0.78)	14.44	3.41
Principal market net asset value, end of period	\$ 54.19	\$ 7.33	\$ 54.19	\$ 7.33
Total return	-28.20%	-9.62%	36.33%	86.99%
<i>Ratios to average net assets:</i>				
Net investment loss	-2.50%	-2.50%	-2.50%	-2.50%
Expenses	-2.50%	-2.50%	-2.50%	-2.50%

Ratios of net investment loss and expenses to average net assets have been annualized.

An individual shareholder's return, ratios, and per Share performance may vary from those presented above based on the timing of Share transactions. The amount shown for a Share outstanding throughout the period may not correlate with the Statement of Operations for the period due to the number of Shares issued in Creations occurring at an operational value derived from an operating metric as defined in the Trust Agreement.

Total return is calculated assuming an initial investment made at the Principal Market NAV at the beginning of the period and assuming redemption on the last day of the period.

9. Indemnifications

In the normal course of business, the Trust enters into certain contracts that provide a variety of indemnities, including contracts with the Sponsor and affiliates of the Sponsor, DCG and its officers, directors, employees, subsidiaries and affiliates, and the Custodian as well as others relating to services provided to the Trust. The Trust's maximum exposure under these and its other indemnities is unknown. However, no liabilities have arisen under these indemnities in the past and, while there can be no assurances in this regard, there is no expectation that any will occur in the future. Therefore, the Sponsor does not consider it necessary to record a liability in this regard.

10. Subsequent Events

As of the close of business on August 5, 2024, the fair value of SOL determined in accordance with the Trust's accounting policy was \$128.79 per SOL.

Subsequent events have been evaluated through August 9, 2024, the date the financial statements were available to be issued.
